

SANTA MONICA AYSO REGION 20

6U GAME FIELD SETUP, TAKE-DOWN & STORAGE – FRANKLIN ELEMENTARY

It is the responsibility of the teams playing the first game of the day on each field to set up the goals, and the teams playing the last game of the day on each field to take-down the goals and place the equipment in storage. Both procedures can be done fairly quickly and easily.

The information below describes the processes for the U6 Divisions at Franklin Elementary schools. The goals are 4x6 Bownets and are stored in the playground partnership buildings near the restrooms. City Staff has the key and opens & locks according to our field permit times. Please keep the door shut after emptying equipment.

BOWNET ASSEMBLY

Please watch the video at: [Watch Bownet 4x6 Soccer Goal Setup Instructions on Amazon Live.](#)

When set up it should look like this:

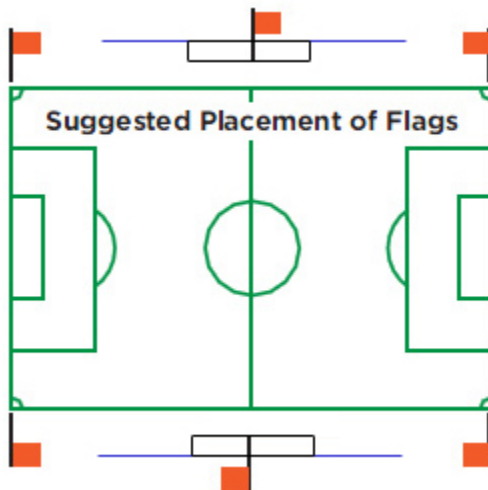

https://bownet.net/cdn/shop/products/4x6-on-White_qtr_view.jpg?v=1535664952&width=1080

Importantly, when putting the Bownet away do not wrap the net around the structure – simply drop the net into the bag.

PLACE THE FLAGS

After the goal is setup, take 6 corner flags and place 4 of them in the very outside corners of the field. Take 2 Flags and place them on the blue line of the coaches' box aligned with the halfway line, about 1 yard away from the touchline at midfield.

ELEMENTARY SCHOOL EQUIPMENT STORAGE

We share the elementary storage units with City of Santa Monica's CREST program. It is important that we put our field equipment away in a manner that they can access their equipment as well, some of which is stored in the back of the unit. Please put all Goal Bags & Kids Zone Signs stored in one of our two bins and be sure to keep the walkway clear. Please report any missing equipment to the Division Commissioner.
