

STRANGER THINGS FILMING LOCATIONS MASTER DOC - LITHUANIA

Hello and welcome to the Stranger Things filming location master doc for all Lithuania locations! Below you will see an overall list including all Lithuania locations thus far. If you know of any locations I missed, please email me at strangerscouting@gmail.com. Please share your film location hunting photos with us if these guides helped you explore Stranger Things! You can see all GA filming locations [here](#). You can see all NM locations [here](#).

****An additional note: Please be respectful, considerate, and alert when visiting filming locations. Many of these locations are private properties that wish to have their privacy maintained. Be vigilant of any private property signs and do not trespass. Most of these locations can still be photographed clearly without stepping onto property. This list and its creator do not condone or encourage trespassing, harassment, or any other criminal activity of any kind.****
