

# REDDIT RESCUE RANGERS

Regiment of the Reddit Rescue Force

Ranger CO 1st PLT

*“fiat iustitia, et pereat mundus”*

**INFORMATION DOCUMENT**

## **PREFACE**

This document is to explain the roles, goals, and the policies of the Reddit Rescue Rangers.

## **WHO ARE THE RANGERS?**

The Reddit Rescue Rangers was founded on July 4, 2012 alongside the RRF (founded 6/25/12) as a support organization for the open medic community. Since the beginning mod, the Rangers have provided the military and logistical backbone for the RRF.

The Rangers is a rifle platoon that specializes in high-risk, high-value missions throughout Chernarus+ to provide direct action and logistical support for the Reddit Rescue Force.

We are a close-knit combat unit. We utilize effective communication protocol and a specified ROE, as well as a semi-militarized rank structure. We seek and value skilled semi-independent operators who will be able to work cohesively within the unit.

## **MISSION STATEMENT**

To provide frontline infantry and logistical support and perform medical, humanitarian, and counter-banditry/ambush operations within DayZ Chernarus+.

## **WHAT WE DO**

- Direct action
- Logistics support
- Counter-banditry operations
- Counter-ambush operations
- Counter-clan operations
- Counterintelligence
- Frontline trauma care
- Personnel recovery
- Airborne & air assault operations

## **RIFLEMAN or MEDIC?**

A Ranger is first and foremost a rifleman. Some may choose to become dedicated medics, who are tasked and responsible for providing frontline trauma care.

All non-Trusted Medics are applying to be an E-1 rifleman.

You can apply to be a medic if you reach E-3 Ranger, or if you apply as an RRF Trusted Medic\*.

No one will be allowed to carry a Mosin\*\*, and will have uniform and gear requirements.

*\*As an RRF Trusted Medic, you can either apply to be an E-3 dedicated medic, or an E-2 rifleman.*

*\*\* Exceptions made for recon and designated marksmen*

## RANGER RECONNAISSANCE

So you think you're a sniper? Our recon program is available to select and qualified people who pass a rigorous 5-step qualification program.

You must be at least E-3 to qualify (medics not allowed), and must be nominated by three ranking officers. There is no formal application process.

## RANGER DESIGNATED MARKSMEN

Can you handle a mosin? Not yet ready to be reconnaissance? Maybe you prefer working with a squad. Our designated marksman program is available for Rangers who are proficient long-range shooters.

You must be at least E-1 to qualify, and must pass the necessary qualification process.

## RANK STRUCTURE

The Rangers utilize a semi-militarized rank structure.
