Create a Meeting ([watch video](#))

- 1) To create a meeting, click the **Meetings** tab
- 2) Click **New Meeting**
 - a) Alternatively, first search for all existing meetings, by selecting the **Meeting Type** and clicking **Search**
 - b) To open an existing meeting, simply click on the date
- 3) Set the Meeting details, including the **Meeting Type**, **Voting Department**, **Location**, and the **Date and Time**. Click **Save** to finalize meeting creation.

Create an Agenda Item with Administrative Type ([watch video](#))

- 1) On the main Meeting screen, click **Update Agenda**
- 2) Click **Quick Add**, to open the Item window
- 3) Enter the **Title**, select the **Department**, and from **Agenda Category**, select **Administrative**
- 4) Click **Save**. This will save and display the function tabs.
- 5) Enter details in the **Summary** box
- 6) If you want to upload documents, click the **Attachments** tab
 - a) Click **Choose File**, select the file you want to upload, and click the **Open** button
 - b) Type a **Description**. This will be shown alongside the uploaded file in the agenda.
 - c) Select a **Type** to categorize the uploaded file
 - d) Click the **Upload Attachment** button

- 7) To upload more files, repeat step 6 or click the **Save** button to save your progress or click the **Push to Agenda** button to finalize this agenda item

Creating a Numbered List in an Agenda Item ([watch video](#))

- 1) Open an existing Agenda Item or Quick Add a new agenda item
- 2) Enter the **Title**, select the **Department**, and from **Agenda Category**, select **Administrative**
- 3) Click **Save**. This will save and display the function tabs.
- 4) Enter a list of items in the **Summary** box, one item per line
- 5) Highlight the entire list and click the **Numbered List** button on the toolbar

Creating a Hyperlink in an Agenda Item ([watch video](#))

- 1) Open an existing Agenda Item or Quick Add a new agenda item
- 2) Enter the **Title**, select the **Department**, and from **Agenda Category**, select **Administrative**
- 3) Click **Save**. This will save and display the function tabs.
- 4) Enter text into the **Summary** box
- 5) Navigate to the webpage where the link is. Right-click and Copy Link
- 6) Navigate back to Novus Agenda
- 7) In the **Summary** box, highlight the part of the text to turn into the hyperlink
- 8) Click the **Hyperlink Manager** button in the toolbar
- 9) Paste the website link into the **URL** box
- 10) Set the **Target** to **New Window**. This will open the file in a new window instead of in the same window as the agenda.
- 11) Adding a **Tooltip** is preferred as it helps with vision impaired screen readers.
- 12) Click **OK** to exit the window. Click **Save** in the Agenda Item window.

Copy an Agenda Item from a Previous Meeting ([watch video](#))

- 1) Open the previous meeting and find the agenda item
- 2) Check the box next to the agenda item and click the Copy Items button
- 3) In the pop-up window, set all the dropdown lists to the appropriate selections. The available **Meeting Dates** will display only meetings already created in Novus Agenda that have a **Draft** status
- 4) Click Save to copy the item to the meeting.
- 5) Navigate to the new meeting and find the agenda item that was just copied
- 6) From here, you may want to edit the item, save it, and click **Push to Agenda**

Use Inside Routing to Send an Item to the Planning Department for Review ([watch video](#))

- 1) Open an existing Agenda Item or Quick Add a new agenda item
- 2) Enter the **Title**, select the **Department**, and from **Agenda Category**, select **Administrative**
- 3) Click **Save**. This will save and display the function tabs.
- 4) Click the Inside Routing tab and click the Submit button
 - a) This will send Planning staff an email notifying them that this item is ready for their review
 - b) Once they have completed their review and uploaded their document, they will also click Submit to send the ZBA an email notification
- 5) ZBA will then have to re-open the item and click **Push to Agenda** to finalize the item
