Intro Post

The modern world education system teaches math, science, writing, reading, history, and more. But students learn very little or nothing about how to connect to their intuition, interact with the spirit world, the world around us (visible and invisible), or understand something we do every single night - dream.

Deep within the Amazon Rainforest, in Sapara territory, and in nearly every indigenous culture...

Learning to understand the meaning of dreams is a central part of every child's home education (the primary & most important education space)

- 👉 Dreams provide vital information for what will happen the following day, weeks, and months.

- 👉 Through our dreams, we can receive information & instructions about our daily activities, work, family, friends and more.

- 👉 Understanding these messages allows us to become our own spiritual guide and leader.

If you are ready to deepen your relationship to your dreams and the spirit world, I invite you to join spiritual leader @manariushigua for @dreamworldprogram 4-week program. This program is for you if you've been studying your dreams for years or hardly remember your dreams. I participated in the program in XXX and truly recommend it (feel free to ask me any questions!) The program begins on June 2nd, click the link in my bio or visit DreamWorldProgram.com to enroll & learn more. Be sure to use my code XXXX10 for 10% off on the program tuition 🙌

Dreams Technology Post

Spiritual leader, @manariushigua shares that there are two ways to connect with the spirit world: ① is through consuming medicinal plants and ② is through dreaming.

Dreams are a technology designed for humans.

Through learning simple techniques, you can begin to not only remember your dreams, but understand their significance and use the messages as guiding tools for life.

If this speaks to you, check out @dreamworldprogram, a 4-week live online program with @manariushigua to receive ancestral wisdom about dreams & tools to connect to the spirit world. I took the program in XXX and it changed my life.

The new group begins on Thursday June 2nd. Click the Link in my bio or visit DreamWorldProgram.com to learn more. Be sure to use my code XXXX10 for 10% off on the program tuition 🌟

Dream to Change the World

The Saparas believe that the world will change when we remember our dreams 🌟

Makihaunu, the Sapara word meaning the path between the material and spiritual world, is available to all of us every single day.

Through the process of dreaming and honoring the messages we receive in the spirit world every night, we have access to the guidance and answers we need for our life and the world.

In the @dreamworldprogram, Manari will guide you to develop a deeper relationship to your dreams and spirit.

The live online 4-week journey begins Thursday June 2, 2022.
