

This is a free value to be included in an outreach.
Short copy that the prospect will send to their email readers.

SLs: - Still Single? We've got something for you...

- Don't know how to get a partner?**
- Have you been to a school for dating?**
- Have you ever studied dating?**

Have you found someone who would jump to give you a hug and kiss, whirl you around like a roller coaster, and let you feel their warm lips on yours?

Someone who would swallow you with love and intimacy and run around the world like crazy just to see you.

If not, you're definitely worried. Thousands of people have already met their lovely partner with our techniques and secrets (no, it's not manipulating), and most of them are 30+ years old.

Are you finally, at last, ready to do what thousands of other people have already done!?

If yes, *from here you will go to the rightest place possible!*

[Yes. I don't want to be single anymore!](#)

Sincerely,
Kait & JJ
