

SL: The Strike Method

Hey <name>, <personalised compliment>

Shortly after, I became obligated to delve into your brand deeper.

I've researched [company url] further, and after noticing your follower-engagement ratio on your posts, I've concluded that your current sales funnel may no longer be beneficial for you.

This may be due to the constantly shifting algorithms in the market.

Top-of-the-game brands use these constantly evolving algorithms to their advantage, and that is how they stay ahead.

This is why I would like to suggest implementing the "Strike" funnel as your brand's main engagement focus.

The "Strike" funnel is a two-step, 30-day formula that not only attracts viewers but also converts them into buyers.

If you're keen to know how we achieve this...

Strike has created, "Strike's 6-figure Marketing Funnel".

This simple customization in your brand's function will help ensure a successful sales funnel.

Ultimately, achieving significant results within your brands engagement.

If this is something you're interested in...

Let me know so I can send it over for further discussion.

Best regards,
René Chebbi.
