

Hi there! If you're here that means you want to ask us a question about using videos made by TwoAllNighters.

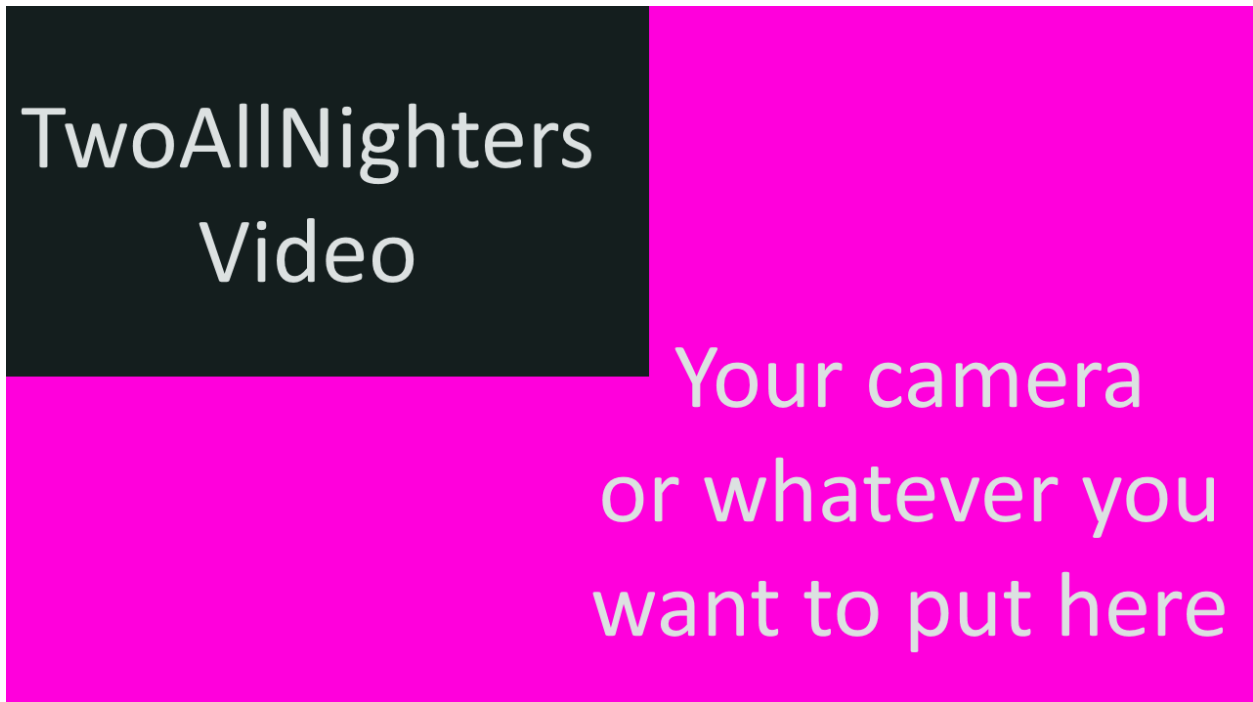

Can I make a reaction video to one of your videos?

Yes, but we have rules about it so we can feel like you aren't just taking our content, as long as you follow them there won't be any problems!

You MUST:

- *Have a camera taking up a majority of the video.
- Be sure our video doesn't take up more than a quarter of your video.
- Talk before, **during, and after the video.
- ***Credit us *and the original artist* appropriately.

*

**Talk about the video as it is playing, we don't want reaction videos to our dubs where they're basically just reuploading our content.

****The artist is always linked in the description of our videos*, we also would appreciate it if you would talk about TwoAllNighters and the artist of the comic(s) in your video in order to get appropriate credit.

Can I add subtitles/CC to your dubs?

It depends on what you mean by adding them, people have been taking our content, adding subtitles/CC to them in their own video editor and uploading them as their own content. This is in no way allowed, and if we find people doing this we get them taken down as soon as possible.

~~You can, however, contribute subtitles/CC to our dubs here:~~

~~http://www.youtube.com/timedtext_cs_panel?c=UCu4zccqOFsef4ORP0IHbjvGg&tab=2~~

~~The link will take you to a page where you can contribute subtitles directly on to our videos, after reviewing them, they will be on the actual video where people can read them! This is greatly appreciated!~~

Unfortunately, YouTube has removed the option to add subtitles the way written above. If you would like to help us manually add subtitles to our videos please send me an email at twoallnighters@gmail.com thank you!

Can I use your dubs to make a Gacha Life video?

No. All Gacha Life videos with our content are banned and will be claimed and/or striked.

Can I use your dubs to make compilation videos?

No. Any reuploads of our content (apart from the ones stated above) is forbidden and will be removed.

Can I use your video and voice over it myself?

Please don't do this! Not only is this taking our hard work, there is a good chance you may not have permission from the artist to do this!

If the things listed above doesn't answer your question, please send me an email at twoallnighters@gmail.com

- Blair
