

Indian society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) student's chapter

Organized an

**Technical talk on “How AHRI performance certification of plate heat
exchanger protects you and your client”**

**Activity : Technical talk on “How AHRI performance certification of plate heat exchanger
protects you and your client”**

Venue: Royal Orchid Hotel, Vadodara

Date: 09/09/2019

Time:6.30 pm onwards

Participants: 23

ISHRAE Vadodara organized a seminar on the AHRI criteria for selection of plate type heat exchanger conducted by the company, Alfa-Laval on **9th September 2019** at **Royal orchid Central**, Mujmahuda circle, Akota Road **Vadodara from 6:30 pm** onwards. The event began with the arrival of the representatives of ISHRAE Vadodara chapter. Then the company executive Mr. Ismail Uzman conducted a the seminar and the details were explained. The Indian speaker Mr. Himanshu Sheth translated for him wherever needed and students had a complete professional experience followed by dinner after the conference. Technical topics such as Logarithmic Mean Temperature Difference (LMTD), Area for heat exchange, Parallel and counter flow, Plate heat exchanger design details and the method of determining the efficiency of the heat exchanger were discussed

Mr. Himanshu Sheth organized a small quiz on the Kahoot App and the quiz contained the questions based on the previous proceedings and was a fun and interactive way to catch the minds and get a feedback of how interesting the seminar was and how clearly the speaker had conveyed his thoughts.

The event ended with a sumptuous dinner. We thank ISHRAE Vadodara Chapter for giving such a wonderful exposure to our student members.
