

Aloha,

My name is Micah Kosasa and I ask for your support and vote as the Senate District 24 State Central Committee (SCC) representative. To share a bit about myself, I grew up in Kaneohe and Aiea. After returning to Hawai'i from college in Oregon I began my career in healthcare and currently work in corporate compliance at The Queen's Health System. Besides attending past county and state conventions as a precinct officer, I also served as the District 33 Chair in Aiea/Halawa and as treasurer for the Young Democrats of Hawai'i. After moving back to Kaneohe with my wife, I continued to participate in our party organization, first as a precinct Vice President and then as District 49 Chair. For this year's state convention, I have had the pleasure to serve on the Rules committee and am now honored by this opportunity to further serve our party and our community on the SCC.

One area where I have a particular passion is the recruitment and expansion of our party membership. I have seen firsthand the effort and work that our current and past members have dedicated to the Democratic Party and our community. To honor and continue that work we must make a significant effort to recruit and encourage the next generation of party members. As an SCC representative I will prioritize efforts to reach out to Democrats in our state and to encourage them to get further involved in the party while also providing opportunities for those members to participate in programs and issues that they are passionate about. Critical to this is breaking down barriers to participation in the party at all levels allowing more voices in our community to be heard.

I believe that the Democratic Party of Hawai'i and the values that we hold are essential to bettering the lives of the people of Hawai'i while also protecting the land and the future of our community. I am dedicated to furthering our party's cause and am confident that I can continue to do so on the SCC. I once again ask for support and your vote for Senate District 24 SCC representative.

Mahalo,
Micah Kosasa
