

TIGER Stripes- Parents

Tiger Stripes

Parents-

1. Be on time for school in the morning and aim to have your child at school for the entire day.
2. Make school a priority at home by establishing a reading/homework time. This will aid us in all we do at LMS and teach your students the importance of education.
3. Allow our school and teachers to be honest with you about your student's success as well as areas of growth/improvement.
4. Keep social media posts positive. Contact your child's teacher with any concerns that arise so that they may be addressed. If something does not sound right, ask your child's teacher.
5. Speak positively about staff members and the school in front of your child at all times. Contact your child's teacher so that concerns can be addressed.
6. Realize grades and awards aren't given; they are earned.
7. Read Class Dojo posts from the school thoroughly.
8. Understand the age level of our middle school learners and the challenging times it can be.
9. Help your student navigate productive struggles themselves so that they can learn this skill for the future.
10. Realize that all children have the capacity to lie and make poor choices, even yours.
11. Be conscientious of instructional time when scheduling out of school plans
12. As humans, staff will make mistakes. Try to be understanding when something happens while we problem solve together.
13. Realize that we take immense pride in all that we do at LMS. Our goal for every student is that they grow each year and are prepared

for the next grade level, and will be successful when they leave LMS and go to high school.
