

The Idea Pot!

Here's how it works! Write down an idea! Be vague, be specific. Doesn't matter! Every month, I'll choose ONE of these, and I'll paint it! The list WILL NOT get cleared out.

The point of this (and future Milestones) is to offer a way to give thanks to my patrons specifically. So this is like a raffle, except there's no randomness involved - it's all according to **MY LIKES**! In theory - you like my stuff, and because you like what I like, the suggestions you'll make will already be close to what I like! I'm looking for new/fun ideas~! So lemme hear it!

You can sign your names at the end of your suggestions if you'd like. Or you could remain anonymous. Your call.

34. I'd love to see seven coked up otters, just going to town on one another in a massive orgy. And I'm talking piles of coke, Scarface piles of coke! I wanna see their little otter faces with a cocaine mustache, too. Their eyes all glassy, with that crazed "I'm fucking invincible" look in them. There'll be three separate couples (two, two, and a threesome...make the threesome a devils threeway*two dudes, one chick*). The threesome is gonna be the female getting head, a male is in the middle getting it from behind, and of course, the other male ridin' it like he stole it. The next couple will be a male/female, the male getting her doggystyle while doing a line of cocaine that starts on

the back of her neck and extends a few inches down her back. Make it a BIC (the size of the line should be about the size of a BIC pen, both in length and width). He's a professional so he don't need no stinkin' dollar bill to snort, he just goes nose deep in it. The last couple....well, I ain't gonna lie, it's a couple of females. Yeah, that's what I said, females. The first female will be on her back with her legs wrapped around the other female, wouldn't you know it, they're rubbing their naughty bits and it's sticky down there, real sticky. The female on bottom will have a bunch of coke all over her tits because the top female just got done motorboating her. The top female will have coke all over her face with this "I feel so fucking good" look on her that it'd bring a tear to your eye. I can go into further detail if you haven't got a good visual yet :P -- ArigatoFox
