

Bridge Page Video Script for Legendary Marketer

This script is specifically designed to subconsciously encourage viewers to take action, click over to the sales page and join Legendary Marketer's Online Business Builder Challenge. I recommend sticking to the script. Remember, natural flow and authenticity are more important than following everything word for word. If you don't have a camera or tripod, DO NOT WORRY. A simple selfie style video with your phone can actually add to the authenticity of your video and help your leads "relax" instead of anticipating the sales pitch. Good natural light (either in from a window or by shooting the video outside) can help you get the video quality that you desire.
