Genesis (born 11 Renuclian 4504) is the current titled [Evident Lord Protector of the Nevergreen Clan](#) following the death of the previous ELP in the [Great Reset](#).

Biography [edit]

Genesis was born in 4504 to the [bronze dragon Valor](#), 9 years before the [culling of the second Council of Metallic Dragons](#) by the [second Chromatic Council of Dragons](#) and the appointment of the [third and Final Council of Metallic Dragons](#). In 4512, [his mother](#) was killed in a [large-scale attack on the southernmost cities of Metrianda's Underglass](#). While her death would usually call for the [mass culling](#) of the Council of Metallic Dragons, their families, their heroes, mayors, and governmental workers under the [Council of Chromatic Dragons' law](#)- Valor's death was kept secret by her mayors. In order to keep appearances, it is reported that the then 8 year old Genesis was dressed up as his mother for important meetings- wherein he kept silent. According to later interviews, as a result of his proximity to bureaucracy and his awareness of the imminent lethality of then [Metriandan politics](#), Genesis grew up to become a very prominent political force in the [Underglass](#) and, notably, the city of [Lordsong](#) in [The Old Capital](#). In the year 9419 Genesis, [the heroes and mayors of The Old Capital](#), the [third Metallic Council of](#)

Over the course of 10 nights the Metallic Council of Dragons was assassinated, as were the [Dr Mayor Oxi Gyn](#) and [Mayessal candidate Abigail Daisy](#). The assassinations were claimed by [the movement of The Sun and Moon](#), shortly after the lockdown Maldreth Matriad and [Pareidolia Di'or](#) assassinated the remaining dragons in the Chromatic Council, overthrew the friendly parties to The Council, and took control of Over and Underglass Metrianda for 2 years before being overthrown by [Mayess Kian Shigar](#) and [her resistance group](#). Having survived the subsequent Great Reset he continued his political career in the now-empty Underglass, where he, and several of the survivors of the events of T.O.C. fled to the [Nevergreens](#).

Personal Life and Public Image [\[edit \]](#)

When asked his thoughts on his life, Genesis responded "I chose the life I choose to lead". He continues this sentiment in his personal work, having avoided continuing what he calls the "cycle of loss" that being a parent and partner in Metrianda entails. Genesis, while claiming he has no intent to parent or father a child, has reportedly adopted several Nevergreen children during his time as ELP. When prompted for comment, he has also referred to [a hero of TOC](#) as a child of his, though he promptly 'corrected' himself to 'employee'.

Career and Relationships [\[edit \]](#)

Genesis is most well known for his work as the ambassador for Valor from 4512 to 9419, wherein he campaigned for lesser punishments for failure for all employees under the Metallic Council, for equal resource dispersal between Underglass Metrianda and Overglass Metrianda, and for increased reliance on [Nuclear Power](#).

When asked, via email, his feelings on the other ambassadors, this is how Genesis responded.

Ambassador	Summarized Thoughts	Quote
Daso Nete	Irritated	On principle I dislike Windport and those who work to ensure that the Casino is operational-regardless of Urbidine's status as a mystic.

		Nete in particular is annoying.
Chelsynia	Neutral	Again, I find that the Casino of Windport is untrustworthy and inherently predatory. There is nothing the Escherin need from a mystic who gambles with life.
Lyzarra Nizan	Loathe	Witch.
Cecielia	Neutral	Deathwish has proven itself to be trustworthy in the past, though Cyprus's recent exploration of killing heroes has possibly ruined any future endeavors we may have had with the city-state.
Riff	Irritated	Mystics play a vital role in Metrianda, and are important pillars of our communities.
Julienne	Neutral	Ironcaste may make something of itself yet. Congratulations on your swimming lesson.
The Sphinx	Intrigue	I do enjoy a good riddle.
Rudolph Jones	Uncertain	Subglassians are strange, and this one has an air about him that worries me.
Blake Winslow	Neutral	The Subglassians are strange and alien to me, I smell the wrong on their flesh. She in particular smells... like artificial flowers?
Ienairo Nevergreen	Love	Ienairo is a wonderful soldier, truly following closely in her family's footsteps. Skilled, articulate, if not a bit eager.
Thekla Toohle	Love	A pleasant woman, it is my duty to protect her and her family's peace.

Genesis	Neutral	Myself. I often wonder who I would be if I did not follow in my mother's footsteps. But it is far too late to change course now.
Maldreth Matriad	Hate	There will never be a day where I forgive the insurrectionist for what they did. So many died, so many who I love died.
Tiitus Artur	Shame	Ah, you spelled his name wrong, my friend. Arrtur not Artur. Another victim of the tragedy, we will return him to his rightful place at our side.
Chika Sumiye	Loathe	It was in part her actions that day. We would not be here if it weren't for what that lot did.
Zenistheda	Distrust	I can stand just about any Underglassian, but I do not like the Lacunites. Particularly vile and violent people.
Ziggizaneal Gorathus	Distrust	A rather infamous tank driver. We have done battle.
Century	Dislike	The Lone Star is strange, as important as Mystics are I find Jason rather unnerving. Especially the women he keeps by his side.
Millenia	Dislike	Millenia uses her beauty and her intrigue like a weapon, I worry for the younger among us.
Oxi Gyn	Pity	I regret not trusting him. Oxi Gyn had warned us that something was amiss, I was far too concerned with Lordsong to realize.
Elaine Rua	Like	Sweet girl, her father was a genius. His sacrifice was not in vain, had he not given

		himself to the Heroes then none of us would have survived.
Quindarious Gooch	Like	Ah, a Tiitus-Bot. One of the particular designs that Matonus stole from my good friend. It is thrilling to see one in such good condition, and with such a strong personality- that was always something Tiitus struggled with.
Gao Tier	Neutral	The Overglassians are not particularly trustworthy, though they are not ones who have earned our ire.
Bahde	Dislike	Though I struggle to trust those so sneaky.
Strawberry Goldenbell	Dislike	I remember her, she used to serve under the council. She still serves now? I suppose nothing really changes up there.
Floo Edit	Dislike	Her face is familiar, but her look is not. So loud, and for what reason? She reminds me of Thursday in his youth.
Kora Shigar	Loathe	Another individual present on the day of reckoning- is this meeting made to piss me off? I am pissed. I am pissed off.
Trian Negizus Aber Hargrave	Hate	I have seen Aber across The Underglass prior to his arrest. I thought him quite personable, until I learned he was of the Tenebris Empire.
