Each working spot includes full-day auditing privileges for the registered handler.

Crating in the trial area is reserved for dogs participating in the current workshop. If a working participant stays to audit before or after their registered workshop, their dog may be crated in another designated area of the building. Auditing-only attendees may not bring dogs into the facility.

Is there anything you would like Stefanie to know about you or your dog?

About This Workshop

This one-day agility experience is designed for both dogs and handlers to learn, grow, and have fun together. Our courses feature excellent climate control, top-quality equipment, padded soccer-turf flooring, and electronic timers to help teams measure progress and performance if appropriate for the workshop.

Each session is built around clear instruction, personalized feedback, and a supportive learning environment. Please read the descriptions below to determine which workshop will best suit you and your dog. If you have questions, please contact us, and we will get an answer for you. You will find instruction tailored to your team's combined strengths and stage of development within the description of the class. Please note obstacle training is not a part of this workshop day.

Each working spot includes full-day auditing privileges for the registered handler.

Auditors may purchase a Full-Day Auditor Pass for $25.

Class Descriptions

GAMES: SNOOKER & GAMBLERS

See the possibilities in Snooker—and step to the line with a plan!

Join Stefanie Theis for two focused hours devoted to UKI Games, with special attention to Snooker: understanding the rules, building a smart plan, and making confident decisions when your run doesn't go exactly as expected. Gamblers strategy and handling will also be included.

With Stefanie judging at One Smart Dog the following day, this is a rare opportunity to learn from her before the trial—and put that knowledge to work all weekend.

Only 5 working spots available. Unlimited auditing spots.

CANINE FITNESS FOR THE AGILITY DOG

Your dog is an athlete. You prepare them to run the course—but are you preparing their body, too?

Strength, balance, coordination, flexibility, and body awareness all contribute to safer, stronger agility performance. In this two-hour workshop, Certified Professional Canine Fitness Trainer and Canine Strength and Conditioning Coach Stefanie Theis will help you understand how thoughtful conditioning can support your dog's performance, confidence, and long-term soundness.

Whether your dog is just beginning to compete or already running at the highest levels, fitness should be part of the training plan.

Only 6 working spots available. Unlimited auditing spots.

YOUNG DOGS: MORE THAN OBSTACLES

Great agility begins long before a dog is running full courses.

Designed for dogs approximately 10 months to 2 years old, this two-hour workshop will challenge young teams at an age-appropriate level while exploring the skills that build desire, confidence, connection, and commitment to the game.

Stefanie has an exceptional eye for the misunderstandings and connection difficulties that can appear when training a young agility dog. Her patient, honest coaching—and often unexpected solutions—will help you see what your dog needs now to keep progressing as a willing and enthusiastic partner.

This is not a formal obstacle-training workshop. To gain the most from the class, dogs should have at least half of the following skills:

- A stay; a platform stay is welcome
- A willingness to send away from the handler
- Familiarity with basic handling moves, including pushes, pulls, front crosses, blind crosses, and rear crosses
- The ability to remain engaged and work with the handler in a class setting
- A recall
- Motivation for food, toys, or both

Dogs under one year old will not jump higher than elbow height and will not weave. Contacts may be discussed, but contact and weave training are not part of this workshop.

Agility is so much more than obstacles. Bring a notebook and pen—you will leave with plenty to think about, practice, and build upon.

Dogs outside the listed age range may still be appropriate for this workshop. Contact info@1smartdog.com to ask. If you are unsure whether your dog has the skills needed to benefit from the class, please contact us.

Only 5 working spots available. Unlimited auditing spots.

ADVANCED HANDLING: RAISE YOUR GAME

Come prepared to challenge your perception of what “advanced” handling really means.

Stefanie will present sequences reflecting what teams are seeing on today’s Senior and Championship UKI courses, then break them into pieces that make difficult challenges feel understandable, trainable, and achievable. She has an exceptional eye for the small details that can transform a run—and she knows how to build on the skills you and your dog already have.

You will have fun. Your dog will be thrilled. You will leave with greater confidence and an organized list of skills to strengthen as you train toward your next goal.

Whether you are already pursuing national qualifications or building the skills you will need to get there, Stefanie’s clear, supportive coaching will help you recognize what is working, understand what needs more attention, and train with purpose.

Bring your advanced dog, your questions, and your biggest goals.

Only 5 working spots available. Unlimited auditing spots.

ABOUT STEFANIE THEIS

Stefanie Theis, CPCFT, CSCC, is a UKI judge, international agility competitor, canine fitness professional, and highly regarded coach. Her accomplishments include representing Team USA at the World Agility Open, winning the UKI Invitational Biathlon Championship in both 2024 and 2025, and earning numerous national and international podium placements.

Stefanie is known for her positive, thoughtful approach and her exceptional ability to see the details that matter. Whether she is working with a young dog, solving a training challenge, or coaching an elite team, she brings honesty, patience, creativity, and a genuine love of helping dogs and handlers succeed.

WAIVER FOR STEFANIE THEIS WORKSHOP, FRIDAY OCT 9, 2026

Waiver & Signature I understand that participation in this workshop is voluntary and at my own risk. I agree to hold harmless One Smart Dog, its instructors, and facility owners for any loss, injury, or damage that may occur during this event.

Signature: _____ Date: _____

To Register: Email your completed form to 1smartdog.LR@gmail.com and pay by check made out to One Smart Dog or Venmo (@Linda-Randall-20; cell: 330.958.9224) to reserve your spot. (Contact Linda at 1smartdog.LR@gmail.com for other payment options if needed. We prefer no credit cards.

One Smart Dog is located at 271 W Greenwich Rd, Seville, OH 44273, just off Interstates 71 and 76. GPS is accurate.

Off Interstate 76, take the exit for Rt. 3 South towards Seville for a half mile to the first light. Turn west on W. Greenwich Rd, travel for another half mile. On your right you will see Ryan Rd, and you will cross a Railroad track. When your real tires are still on the Railroad track, you should be turning right into our access road. You will see a sign with our name on it in front of you as you turn onto the road. It is a large beige/gray warehouse.

If you need help, call 330.958.9224 (or text).
