

Khan Academy

If you already have a Khan Academy account through your school, click **Log into your existing account**. You can log in to that existing account using Google (click on **Continue with Google**) or by entering your school email address and your password.

Once you've logged into your Khan Academy account, you'll be taken to your Teacher Dashboard, where you'll see your Clever-rostered classes, as well as any other classes you had previously created.

The screenshot shows a login interface with the title "Log in to your existing account". It features a "Continue with Google" button with the Google logo. Below this are input fields for "School email" (containing "example@school.edu") and "Password". A "Forgot password?" link is positioned above a grey "Login" button. A "Back" link is located at the bottom left. At the very bottom of the page, there are small flags and labels for "India", "Mexico", and "Brazil".
