Advanced & Accelerated Math and Gifted ELA Information for Transfer Students

By default, all students new to District 34 are placed in grade level courses. If your child was part of advanced or accelerated math (in grades 4-8) or gifted ELA (in grades 4-8) programming in their previous school, please reach out to us as soon as possible so we can determine the best course for your child in District 34. Additional details for parents can be found on the Transfer Student Placement page of our website.

If your previous school did not have advanced or gifted pathways and you think your child might qualify in D34, you can learn about our identification process through the program links found in the contacts table below. *District 34 identifies for Advanced or Accelerated math in grades 4-8, and we identify for Gifted ELA in grades 3-8. Incoming 3rd graders will automatically be part of the identification process if they are here when school starts in August.*

Contacts:

Advanced and Accelerated Math (4th - 8th Grades)	**Gifted ELA (4th - 8th Grades)**
Jennifer Bergeron *District Math Coach for Teaching and Learning* jbergeron@glenview34.org Math Program and Placement Information	**Molly Merkey** *ELA Gifted and Assessments Coordinator* mmerkey@glenview34.org Gifted ELA Program and Placement Information
If you have digital copies of a recent NWEA MAP report and/or a CogAT report, please send them to Molly and Jennifer via email.
