SEO Return Policy

Under the following conditions, MTG & GRG will not be responsible for a refund or assurance of top search ranking:

If the search engine's ranking policies, algorithm or functionality change and have an impact on SEO ranking.

The data you give us is used to carry out link building, a component of SEO. If you provide inaccurate URLs, we are not liable for any subsequent problems, and there are no refunds or cash- back guarantees.

If the client uses any other SEO services from a third party, we won't be held liable for the outcomes.

An immediate change in the search ranking cannot be guaranteed because the frequency and position of a website's appearance on the search list fluctuate.

Any negative impact on ranking brought on by the client's or their contracted third party service provider's alterations to the website's content.

The aforementioned refund and cancellation policies are subject to change at any time, without prior notice, by MTG & GRG.
