ABOUT ME

This is my 24th year in education. I have taught in Lexington One my whole career. Before I landed at CES, I taught at Lake Murray Elementary. I am excited about being at a new school and in a new position! I attended the University of South Carolina for all of my degrees and bleed garnet and black! I have 3 boys, ages 19, 16, and 12. When I'm not at school, you can probably find me watching college football, reading, or at Hobby Lobby!
