Portland Rides Qualified Products List (QPL)

Standard/Cargo: Eligible E-Bike Types: Standard or Cargo Class 1 or 2 E-Bikes:

- Class 1 pedal assist, 2 or 3 wheels – Class 1 is defined as pedal assist only with a top speed of 20 mph
- Tires 20(”) or larger and motor 750(W) or smaller
- Class 2 pedal assist and throttle, 2 or 3 wheels with a top speed of 20 mph
- Tires 20(”) or larger and motor 750(W) or smaller
- Please note that often, cargo e-bikes are Class 1 but have larger batteries
- New and fully assembled
- Must meet at least UL 2271 safety standard
- At this time, Class 3 (pedal assist only with a top speed of 28 mph) standard or cargo e-bikes are not eligible.
- At this time, electric mountain bikes are not eligible.
- At this time, e-bike conversion kits (which convert a regular non-motorized bicycle into an e-bike) are not eligible for the standard/cargo program.
- At this time, used/refurbished e-bikes, demo models and open-box e-bikes are not eligible for the standard/cargo program.

The Portland Rides program provides up to \$300 to spend on e-bike accessories. Accessories must fall under one of the following categories:

- | | |
|---|---|
| <ul style="list-style-type: none"> • Safety & Security <ul style="list-style-type: none"> ◦ Adult and child helmets – CPSC Certified or MIPS certified ◦ Lights ◦ Mirrors ◦ Reflective and/or LED reflective safety vests, jackets, and other wear ◦ Locks • Carrying & Transport <ul style="list-style-type: none"> ◦ Front and rear bike racks (excludes car-mounted racks. All racks must be purchased with the accessories rebate and not the e-bike rebate.) | <ul style="list-style-type: none"> ◦ Panniers/baskets ◦ Child bike seats ◦ E-bike battery bags • Weather Protection <ul style="list-style-type: none"> ◦ Rain gear ◦ Fenders • Bike Parts & Upgrades <ul style="list-style-type: none"> ◦ Pedals ◦ Saddles ◦ Tire liners • Maintenance & Repairs <ul style="list-style-type: none"> ◦ Lube and Flat kits ◦ Tire pumps |
|---|---|

All e-bike rebate recipients will receive a separate e-mail with an accessories rebate of \$300.00. The accessory rebate cannot be combined with the e-bike rebate. The accessory rebate can be redeemed at a participating retailer different from where you purchased your e-bike if desired. The accessory rebate can only be used in one transaction. Accessories and the standard/cargo e-bikes listed below meet this criteria and many are available at local e-bike shops. Please direct any questions about e-bike model eligibility to portlandebikes@aptim.com. For questions about current inventory, please contact a participating retailer directly.

Adaptive E-Bikes

Eligible Adaptive E-Bikes:

- New and fully assembled
- Must meet all adaptive e-bike requirements, including class 1 or 2, 20mph max speed, motor wattage of 1000W or less, UL battery (2271) — no individual cells — certifications.
- Participant must complete a custom fitting with the retailer before ordering to ensure proper fit
- Conversion kits which convert a regular non-motorized (acoustic) adaptive bicycle into an adaptive e-bike, and wheelchair power assist conversions

- Battery must be UL certified (UL 2271 for conversion, UL 2272 for wheelchair power assist)
- Participant must get their adaptive bike examined pre-order to ensure it is adequate for conversion
- Conversions must meet all adaptive e-bike requirements, including class 1 or 2, 20mph max speed, motor wattage of 1000W or less, UL battery — no individual cells — certifications
- Must be an adaptive e-bike per the retailer, and modified to meet the needs of an adaptive rider (cannot be a standard/cargo e-bike without modifications):
"Modification" includes features, adjustments, or configurations that make an e-bike safe and accessible for riders with disabilities and/or limited mobility, such as adaptive seating, pedal assist customization, throttle controls, stabilization wheels, or seating support.

Ineligible Adaptive Offerings:

- Class 3 (pedal assist only with a top speed of 28 mph), and electric mountain bikes are not eligible for the adaptive program.
- At this time, used/refurbished e-bikes, demo models and open-box e-bikes are not eligible for the adaptive program.

[Click here to see all adaptive eligible bike shops!](#)

Adaptive Qualifying Models

Please note this list is not exhaustive due to the large number of adaptive modifications possible. Adaptive e-bikes that meet the above listed requirements but are not in the below table may qualify. Additionally, wheelchair power assist and electric kit conversions that are eligible may not be represented below. Please speak with a participating Adaptive Retailer to see which adaptive e-bikes are currently available and eligible.
