Body Works	Literature & Writing	Break	Science Discovery	Activity Central	Lunch	Art Factory	Math

## Class Descriptions

### Academic Classes

---

#### **Literature & Writing (80 minutes)**

Read great literature, listen to the teacher read above-grade-level classics, and discuss and write from literature-based prompts. Through creative activities, this class fosters a love of literature while also providing opportunities to practice essential writing skills. **Occasional homework**

#### **Math (55 minutes)**

Practice and strengthen math fact automaticity, computational procedures, critical thinking, and problem solving through exercises, games, puzzles, and projects. **Occasional Homework**

*During registration, you will select which type of math group would be best suited for your child:*

**1. Skill-Building Group** – Focuses on reinforcing and strengthening math fact automaticity and core concepts through reasoning, practice, and problem-solving to build confidence and fluency.

*2. **Skills-Application Group** – Focuses on applying and extending math skills and concepts through reasoning, exploration, and higher-order problem-solving to deepen understanding and independence.*

## Enrichment, Athletics, & Science Classes

---

### **Athletics & Games (30 minutes)**

Develop fitness through games and athletics that emphasize sportsmanship and skill development. **No homework**

### **Art Factory (55 minutes)**

Explore a variety of artistic mediums and techniques for self-expression. Learn about creativity, produce art projects, and be introduced to the works of some of the world's greatest artists. **No Homework**

### **Science Discovery (55 minutes)**

Discover the world of nature and science through activities, discussion, and hands-on exploration. **No Homework**

### **Activity Central (55 minutes)**

Each week, students will enjoy a different project-based class or activity. Two-week students will have TWO of the following classes. **No homework**

#### **Creative Dramatics**

Enter the world of make believe! Hear a favorite tale, then bring it to life by using the tools of the actor: body, expression, and imagination. This course expands literacy and presentation skills and builds self-confidence.

#### **Healthy Kids**

Participate in yoga and dance and make yummy healthy snacks. Learn breathing techniques, mindfulness, how to decompress, and how to get and stay healthy. Please note: if your child has food allergies, make sure to state these clearly on the registration form under "Medical Information."

#### **Tech Animation**

Learn digital animation techniques on iPads. Take your creativity to new levels using today's latest technology to build stop motion videos with fun craft elements.

#### **Splash Bash & Crafts! (Last week only • July 27-31)**

Cool off in the sun with water games, a giant inflatable water slide, and crafts.

## Extended Day Add-On | 3:00–5:00 pm

---

*For students needing aftercare.*

Choose from a variety of informal activities in sports, crafts, free play, and water fun.

*Add-on purchases are available April 1–May 1 and are non-refundable.*
