

Hello, commissioners, clients and partners

I am announcing that I will be raising my prices, hopefully for the last time for the foreseeable future.

Without going into too much detail, I am now fully independent, living with my girlfriend together, meaning that expenses have now skyrocketed now that I'm not living with my parents anymore. Due to this, I have talked to my active clients and have come to the conclusion that I will be raising my prices for my Shorts editing content yet again (last time being in February of this year) with the hope that this will be enough to support my lifestyle. I hope you understand.

With this in mind, this change will occur on the 1st of October 2025, so now is your time to queue up a commission and get yourself some videos done before then! (As long as you queue a commission to the waitlist BEFORE the 1st of October, I will charge you at my previous rate, even if I start working on your videos well into the month)

The price change will affect these Services:

VOD short-form editing (for scripted shorts, or moments that have already been clipped beforehand!)

The price of these shorts are dependent on the length.

Up to 15 seconds: 10€ => 15€

Between 15 and 30 seconds: 15€ => 20€

Between 30 to 60 seconds 20€ => 25€

Over 1 minute => 25€/ per minute

Clipping + Editing Short-form editing

25€ => 30€ total

Basically all prices are up by 5€

I would like to thank you all for the support up until now, I am glad I was able to develop such a successful career for myself, and I hope you all will continue to support my work.

Thank you for your understanding

JerryBlob
