

Masthead Creation

Before you begin, head to defont.com.

1. File<Print<Letter 8.5x11
2. File<Place Embed up the image of Lebron (It will be a little pixelated, since I stole it from the internet)
3. Flatten
4. Choose the TEXT tool.
5. Choose the font for MAGAZINE
6. Make your font the same color as his jersey by using the eye dropper tool
7. Command T to resize your font
8. Double click on the text layer to add a stroke (outline)
9. Command J on your background layer image of Lebron to duplicate it.
10. Drag it to the top of your layer panel
11. Remove Background
12. Add the barcode and the additional articles

YOUR OWN Magazine
