Referred to the Senate by the Committee on Internal Affairs which recommends its Passage by a vote of X to X.

In lieu of requiring each member of SGA to be on either the Committee on Finance or the Committee on Student Organizations, which would pose a scheduling burden, require a membership minimum in the aforementioned committees to ensure efficient functioning.

Move Finance and Student Organization Committee Chair Meetings to the section on Responsibilities of the Chair

Allows the sorting of committee members to account for schedule availability. This is important to allow each committee to find a meeting time with the increased committee sizes resulting from the expansion of the Senate.

# Rationale

Update the position responsible for committee chair elections

Prevent caucus chairs from overworking by not allowing caucus chairs to also chair a committee

Elect committee chairs from the entire Senate rather than each committee, which ensures the members most qualified and passionate about a subject receive a position on that committee and allows the sorting of committee members to be based on schedule availability. This is important to allow each committee to find a meeting time with the increased committee sizes resulting from the expansion of the Senate.

Organizations will have at minimum monthly coordination meetings outside of their respective committee meetings.

# Rationale

Shorten time spent on reports at Senate meetings by limiting it to essential updates and having a separate compilation of weekly activities

Require chairs to produce reports to send to the second reading of legislation, as currently dictated under 4.3.2 Legislative Process

Require Finance and CSO leadership to meet regularly (moved from sorting of senators section)

Remove cooperation plans with the logic that a hostile working relationship between chairs would be best resolved with the removal of a chair/vice-chair. Additionally, cooperation plans were instituted when all committees had co-chairs and needed a fair division of responsibility.
