

[fireplace ambience // sipping sfx] Your omega is very well behaved, Josephine.

Thank you for saying that, it took a bit of training to get her here but she's finally where she should be.

She sits beautifully, waiting by your side for her next set of instructions. I haven't heard a single word out of her mouth

She knows to only speak when spoken too

I'm sure she does. An omega that pretty, can only imagine how many alphas were clawing for attention. The lingerie you have her in shows off all her assets

I have found that she remembers her place better if she is dressed like this at all times. You would not believe what kind of wonders a uniform does for an omega

Really? Would you recommend it?

I don't know how I couldn't! When she came to me, she would try to cover up. Told me that she was allowed to do that back at home. I told her that now that she lives with me, she is going to be showing skin. It's only proper

And when your omega is as gorgeous as she is, who wouldn't want to show her off?

She's not my omega, only my maid. I keep her close like you would a mate because I don't trust her to not wander off and get lost.

Really? You haven't mated her?

I try to keep my affairs of business and pleasure separate

You must have courage of steel or something because I can't imagine. The type of restraint it must take to be around an omega as delicious as this one and to not take her for yourself. I mean

[sniff] She certainly smells like she would enjoy the attention

Well all omegas enjoy attention from alphas

I supposed that's true but I would still take advantage of it, Josephine. She kneels so perfectly on her pillow, eyes downcast, keeping to herself. Not shifting or trying to draw attention to herself. The perfect demure omega. You are stronger than me because if she was my omega, she would already be three months pregnant.

Most alphas don't have the control that I do, Tilly. It certainly seems that you don't

I'm just saying! It's not super common to see such a well behaved omega who also happens to be gorgeous like this. Even now, with how we are talking about her, she isn't reacting

That's because she was trained at one of the prestigious omega schools around. I wasn't going to accept some random omega who claimed to be a maid without prior training. Just because she is pretty to look at doesn't mean she can by without skills. She learned how to make herself useful around her. She's a useful decoration

She is quite easy on the eyes. Can only imagine how nice it is to have someone bring you food in your office when you're working or make your breakfast in bed while looking like that. So obedient, I bet she jumps to do whatever you ask of her

Her favorite thing in the world is being told what to do so she doesn't have to second guess herself. You're happy here, aren't you?...Right from her mouth herself. She loves being my maid, don't you?

Such a pet, what a lovely omega. Not even owned yet and you are on your best behavior, acting like Josephine here is your alpha already. Is that something you are happy for, little O?

Tilly!

What?

I don't want her to answer that. She's my maid and that's it, understand?

I'm just trying to understand how you are able to resist someone who smells too eager for you?

She's practically soaking on her pillow as she kneels next to you

Do you truthfully think I don't have control over my urges like you, Tilly?

No, what I'm saying is I think you've got a little crush on your maid right here

Do not!

Then why are you starting to blush? Is there another reason your cheeks would get that red, Josey?

It's warm in here

I can see the goosebumps on your arms

I don't like my maid-girl. She's just hired help, that's all

So then you wouldn't mind if I decided to sample her, would you?

What are you saying?

Since you don't love her, you wouldn't mind if I had a bit of fun with her, right? I mean, she's just a maid. An omega one at that. It's expected of her position, is it not?

Tilly

So if you really don't harbor any feelings for this omega, it shouldn't be any problem to let me knot her, right?

I pay her for a service that does not involve taking my knot so you are going to refrain from treating her like some sort of common street-walker

So you DO like her

I just told you, I don't

Then why else would you be so protective over her?

Because she is my maid and this is my house. It is my job to take care of her when she is on my property.

Because she is your property. She is your omega and you two are in loooovvvveeee

Tilly, if you don't stop it, I'm going to kick you out

Just admit it, Josey. You want her. I don't blame you. I want her too. She's perfect. **[sniff]**

Absolutely ripe for the taking if her scent is anything to go by

FINE! I've grown fond of my maid. Happy?

Not enough. Tell it to her, not me. Say what's in your heart. You've always been constipated when it comes to your emotions.

Since apparently Tilly is making me do this right now, I've grown quite attached to you omega

Booo! Not enough, more emotions

[sigh] It seems that somewhere in taking you in, giving you a place to stay, and getting to know you, I've fallen for you. I don't know when it happened. I just know what day I looked at you and my heart said "mate." I didn't know what to do so I simply didn't do anything. It wouldn't be right for an employer to take advantage of her employee

But it's not taking advantage of her if its for love

What I'm trying to say is, I love you, omega. I would like to court you properly. Take you on dates, get to know you better, shower you in gifts until we can have a formal ceremony in front of everywhere

AND I CAN OFFICIATE!

Would you have me as your alpha?...Wait, really? You're interested in this whole courtship thing?...Of course I'm shocked by this. I didn't think you would accept it. I mean look at yourself and then look at me. Why would such a young, vibrant omega want to be with an alpha who is so much older than her?

Stop asking questions and just kiss her!

Would it be okay if I kissed you?...**[kissing for the next apx. two minutes with these lines**

throughout, Josey lines will be improv] Look at you two, already look so good together

I can feel myself getting harder just watching you two. Why don't you cup her breast, Josey?

How does she taste? Sweeter than you could ever imagine. Fuck me, what a good omega.

[zipper] Taking my own cock out, I start to stroke it as I watch you two

Grab her ass, Josey. Don't focus all your attention on her tits.

[sniff] So fucking wet for us, pet. Letting Josey take off what little fabric you were wearing

That's right, omega. Let your alpha in. She just wants to make you feel good.

I think that's enough, I want the omega to come here. Crawl to me, pet.

[shuffle] And just what are you thinking of doing with MY omega, Tilly?

Since I'm the one who got you two together, it's only fair that I get to enjoy you two together at least one time, right? Open your mouth omega, start sucking me. You've missed this feeling, haven't you? Josey has been depriving that sweet little omega of her knot, hasn't she?

I see she doesn't really waste any time, instantly taking it in her mouth. She was starving for that, wasn't she?

Tilly mostly moans with a bit of improv for the next apx. five minutes, Josey's lines to be interjected:

Be careful with her, she's well trained so you don't have to be so rough

You do look quite good with your mouth stuffed full

Is Tilly's cock choking you, omega? Poor baby, just breathe through your nose for me, it'll be okay

Trying to swallow the entire length, does it taste that good, pet?

You two look so good together, I didn't think I could get any harder

[sniff] A fresh gush of slick fills the air as you choke on her length. Naughty, naughty, omega you need to take it all. Make me proud to call you my omega

Put that tongue to proper use, baby

Ah, ah, ah, hands to yourself. I don't remember giving you permission to touch yourself. You should know better

That's it, swallow all of Tilly's cock

Savor the taste, little O. This is your treat for being such a good girl. Going to have one alpha to call your mate, and another to play with. Two alphas for my omega. Only the best for you, baby.

So keep sucking Tilly's cock. You want her to keep coming back, don't you?

You are so pretty like this, pet. Wish there was a way to keep you like this forever

Makeup running down your face, poor thing. You look so pathetic

You feel Tilly start to pull on your hair, guiding you. If you could deep throat her, she wouldn't need to do that, would she?

You sound so fucking sexy, don't stop, keep letting those sounds out

What a good omega, making your alpha so proud, yes you are. Make Tilly feel so good

How does my Omega's mouth feel, Til?

Look at her, she looks so fucking gorgeous above you, doesn't she? Worshipping her cock like a good omega should. Expect this kind of performance when you taste mine for the first time

Your tongue pays extra attention to the length, trying to memorize each and every vein. You're such a hungry little O.

[wet noises fade out] Why are you pulling her off? I thought you were getting close

I was, which is why I had an idea. Do you want to cum with me while we fuck her?

What are you suggesting?

[sniff] Smell how wet she is?

Yeah?

Why don't you take my spot? Let her have a taste while I open her up from the other side. Going to spit roast her before we give her a real treat

[shuffle] And what is the real treat?

[shuffle] We are going to fuck her ass and pussy at the same time. That way she can feel a double knot. I think after being your maid for so long, she deserves something nice

[wet noises start] Ngh, well, she certainly seems to agree

[Tilly lines are improv here, apx 5-7 mins, mostly moans as Josey opens her up]

Swiping my finger along your cunt, getting it wet with your own slick, you feel me slide inside you with ease. Ngh, you're so tight. Have you ever taken anything in here?...Guess you can't talk with your mouth full of Josey, can you?

You look so fucking sexy bent over like this. One finger in your ass, your mouth around a cock

Can feel my cock bobbing against your thigh as I continue to work you open

What a good omega, relaxing around me. Going to add a second finger, okay?

It's alright, focus on the cock in your mouth. Make your new alpha feel good. That's your job from now on, remember?

Feeling my fingers scissor inside you, stretching you out. Need to make sure you can take a knot

Adjusting so well, you can't help but moan, vibrating around Josey's cock

Such a pretty baby, opening up so well for me

Feeling my fingers thrust in and out, you feel your wetness start to trail down your thigh. Didn't even know it was possible to get this wet as your clit throbs, begging for attention

Ignoring every part that could make you cum, you just get wetter and wetter

Tears continue to stream down your face as your makeup gets even more smeared. What a mess

Moaning as a third finger joins the first two, it stays steady, letting you get used to the feeling.

Josey doesn't seem to care, she is just fucking in and out of your mouth as she pleases. You're just a hole to her, omega. **[chuckle]** Did that *really* get you wetter?

Stretching the three fingers inside you, you can't help but rock into the sensation. Feels that good, huh?...So needy and I haven't even touched your clit yet. Heaven help you, little O

Three fingers thrusting in and out of you as my cock starts to leak. I think we can make it work like this. I mean, you'll stretch around the knot naturally, won't you?

Josey!

Yeah?

Come here, do you want her ass or her pussy?

Aw, ngh, just when I was getting close. **[wet noises fade out // shuffle]** Can I have her pussy?

Damn, that's what I wanted but yeah, sure. She is YOUR omega, afterall

Thank you, Tilly. Maybe you aren't so annoying afterall. **[chuckle]**

[wet noises and improv for these two for about 10 mins, mostly moans, some interactions, mutual knots at the same time, Josey bites the omega while her knot is in her ass, Tilly claps and congrats the happy couple]

[clapping fades in] My goodness, look at the happy couple! I guess I count as your mating witness, huh?

I'm sorry, pet. I got a little carried away. Do you forgive me?...Well aren't you a sweet thing? How lucky am I, Tilly?

I would say you are the luckiest alpha in the world. Though, considering how close we are, I'm thinking this means we are going to be playing together

I think my omega enjoyed it too much, didn't she?

Then it's settled. I don't want to intrude in on your relationship but more than happy to have fun with you two

Who says you are intruding? If you hadn't pushed me to tell her today then this never would have happened. I owe you, big time

And would you enjoy it, baby?...

See? Now you can't complain. She wants it and I want it too.

Alright, alright. But what does that mean for our pets future?

It means she is going to have two alphas to please. She's going to have to get used to have two holes used at once

Something tells me she is going to have quite an easy time adjusting to it. She's already so relaxed, sandwiched between the two of us. Her head buried in your neck, scenting you as her fresh mating bite pulses. It looks so good on her

Does it really?

Yeah, it does. I can tell it's a strong one too judging by her reaction to it

She's falling asleep

I can tell

How precious

You are so lucky, Josey

I know. Now let's discuss our plans for her. Since she is going to be having two alphas, that means she is going to need to get used to near constant use. I assume one of is always going to be using her

Good thing she's got three holes to choose from. It seems she hasn't really touched herself outside of heats

An innocent little thing trying to keep herself pure

How perfect for two alphas to ruin

I think we are going to need to invest in a fucking machine

I agree! That way we can get her ass used to being fucked, even while the two of us are at work

I'll be able to take my mate leave since I did just bite her neck. This wasn't how it was supposed to go but it doesn't seem like either of us is too upset over it

No, she seems quite content resting against her alpha

Nursing both our knots, what a good omega. Made your alpha sound proud. Going to keep making me proud by learning to take knots in your mouth and ass just as effortlessly as you do your pussy. And Josey is going to help me, isn't she?

What an honor for me, of course I would. I'm going to take such good care of you, pet. Don't you worry. You're going to get so used to being knotted that you're going to feel weird when you're empty. It's going to feel wrong and unnatural.

I think the addition of an anal plug to her daily routine would also be beneficial

As well as an hour of blowjob training on a dildo a day

Can't train one hole and not the other

Exactly

We can start her on the easy 5 inch dildo and work herself up from there. I know she just took more than that but since she is going to be getting used to being used everyday I figure we should start off gentle. She is a fragile little pet afterall. Just look at her. Eyes completely shut as another load of cum from the both of us fills her up. She's the perfect omeg-
