Aggression: growling, snarling, snapping, and biting behaviors

- People and Dog Aggression - Because working with aggressive dogs can be potentially dangerous, behavior modification techniques should only be attempted by, or under the guidance of, an experienced animal behavior professional who understands animal learning theory and behavior.
  www.apdt.org – Find Trainer (be sure the trainer is qualified to work on the issues at hand)
  http://www.dacvb.org/ - Contact a Veterinary Behaviorist (recommended if your dog has bitten a person)

Resources to find your dog a new home

It's always best for your pet to go from one home to another home as a shelter environment is a very stressful place for a dog.

Here are some ways to advertise your do to new potential adopters:

Adopt a Pet Rehome - Adopt a Pet is a great place to advertise your dog for adoption, its the same website shelters and rescues use to advertise their dogs. You can even get the fee waived by following this link rehome.adoptapet.com/r/86072 and using our special reference code - RCXHAQTL2U8AD8Z

Advertise locally - Facebook, Instagram, or TikTok post, flyers, word of mouth.
