

Holiday Hits presented by Charlotte Lab

This year Charlotte Lab is proud to present HOLIDAY HITS, a second through fifth grade concert based on Billboard's top 8 holiday songs. Come join us in an in-depth, historic, view of the most famous holiday songs played through the last eight decades. The musical selections are vast and diverse featuring Nat King Cole, Ella Fitzgerald, Mariah Carey, José Feliciano, and Bing Crosby. The concert takes a secular approach and every song is appropriately selected for each specific grade - meeting state and national music standards. Students are excited to share what they have been working on, and because of their input and creativity, we are bringing you the greatest holiday hits of all time!

Performance Schedule
