### Philosophy

- The Diablo Vista after school visual arts program provides students an opportunity to participate in a variety of art processes under the guidance of Mrs. Darrah, the art teacher. It is an inclusive environment for 6th, 7th and 8th graders to explore and create while building community. Emphasis is on participation and self exploration within the mediums presented each session. Artists learn and develop self-esteem, commitment, creativity, and respect for oneself, as well as for others.

## Code of Conduct & Rules

- If you use it, put it back. If you dirty it, clean it. Everybody pitches in to clean up.
- Don't mess with other's projects!
- Respect the ideas of others.
- Hands/feet/objects kept to yourself.
- Don't throw anything, ever.
- Ask before using materials/supplies - do not assume.
- If something breaks, let Mrs. Darrah know.
