

CONCEPT NOTE

(feel free to edit)

PUBLIC SWISIG (Semantic Web Interfaces Special Interest Group)

Input for paper on Semantic interoperability (solicited via Terry Longseth Ontolog Forum 15 March 2016) To view this discussion on the web visit

<https://groups.google.com/d/msgid/ontolog-forum/4ea05784-aaa9-42a1-9f2f-a19875efbbe4%40googlegroups.com>.

Explorative questions

- How do we define interoperability of IoT, why is it important?
- How is the semantic web and semantic technologies impact on IoT?
- How can semantic interfaces facilitate interoperability ?
