Accessing Student Test Results in the TEA Parent Portal

STAAR, TELPAS, TELPAS Alt and STAAR Alt 2

Go to www.texasassessment.gov

If you know your student's unique access code, enter it into the space titled 6-Character Unique Code (your child's campus can provide the access code to you). Then enter your child's date of birth and legal <u>first</u> name into the spaces provided and click Sign On. See below.
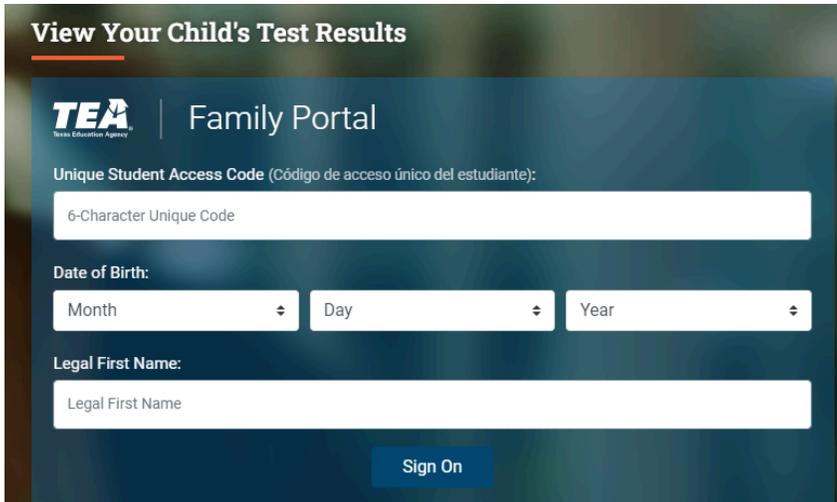

*If you **DO NOT** know your student's unique access code*, scroll down to the link "How do I look up my access code?" as seen in the red box below.
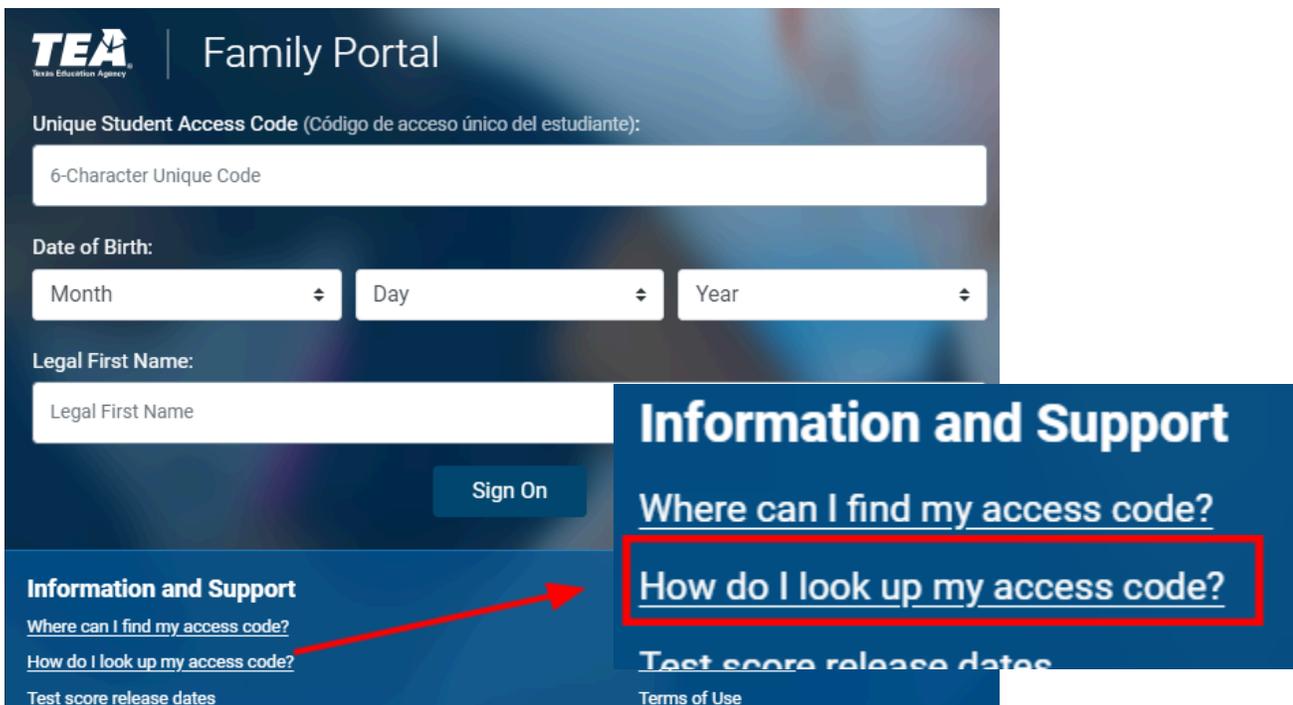

On the next screen, you will need to enter your student's TSDS ID or PEIMS ID, student's birthdate and legal first name. *The PEIMS ID is usually your student's social security number, or the state issued number that begins with S: "S12345678."*
