

Setting up Google Classroom

	Visit classroom.google.com and click on the + Click Create Class - give it a name
	You can now either send the class code to people for them to join (via classroom.google.com)
	Or add them using the people tab
	Click the + next to students or teachers
	Type their name and press Invite
	Change your theme or add a cover photo to make it more personal to you and your students
