ACKNOWLEDGEMENT

Words are too less to reveal one's deep regard. An understanding of the work like this is never the outcome of the efforts of a single person. I take this opportunity to express my profound sense of gratitude and respect to all those who helped me through the duration of this thesis.

First of all I would like to thank the supreme power, one who has always guided me to work on the right path of the life. Without his grace this would never come to be today's reality.

This work would not have been possible without the encouragement and able guidance of my supervisor, **Mr.** _____, Lecturer Electronics, Government Polytechnic Gonda. Most of the novel ideas and solutions found in this thesis are the result of our numerous stimulating discussions. His feedback and editorial comments were also invaluable for the writing of this thesis.

I would also like thanks all the faculty members of the department and my friends who directly and indirectly helped me in completion of my thesis.

No words of thanks are enough for my dear parents whose support, care and blessing makes me successful. Thanks to be them to be with me.
