This explains how the “fee” system will work

How To Pay:

There are several payment methods stated below (a total fee will be messaged to you after your order has been placed): Do not worry about adding anything up, that will be done for you (If you want to double check go for it)

----**Coins:** To prevent any type of scams, the item you want will be placed in a 5 minute auction for the set price. (The auction creation fee will also be added)

----**Enchanted Diamonds:** If you would like to pay in Enchanted Diamonds you can. We will trade the ordered items for the value of them in Diamonds.

----**Enchanted Clay:** If you would like to pay in Enchanted Clay you can, We will trade the ordered items for the value of them in Clay.

FEE:

As, buying & crafting these items takes time (usually 2 minutes per stack) I add a fee for my time:

--**Per 1 Minute:** \$5,000

--**Per 30 minutes:** \$150,000 (+25k for 30 minutes work) = \$175,000

--**Per 1 Hour:** \$300,000 (+75k for 1 hours work)= \$375,000

--To prevent SCAMS:

You will have to pay 25% of the Total Fee before I begin the process:

For example:

If you wanted to buy a HPB (Hot Potato Book) that would take me, 5 Minutes to craft.

So, having a price of (NPC + Time FEE) \$80,000 you would have to pay 25% which is:

\$20,000 leaving \$60,000 to be paid once the clicking is done.

Disclaimer: If you do not trust me to pay me 25% before hand, then you can either read the Completed Orders section, or, click the NPC items yourself. As, players could request items then once I have spent my money on them they decide they don't want them anymore.
