PROMOTION!!!! → How to get the word out? **FB, Newspaper, BULLETIN BOARD**

Need a Tech Fix?

TEENS TEACH TECH

In honor of Columbine's Day of Remembrance, the Computer Arts and Sciences students from Columbine High School would like to help Elders work their technology. This includes simple fixes for cellphones, tablets and basic computer functions. This does not include hardware repair. If you'd like to learn how to be more efficient or learn something new, CHS students will be available to any Senior who would like to learn a new trick or a simpler method on how to use their device or simplify their life using technology. Tips & Tricks are really big hits!

Questions? Email Gina Hansen at gina.hansen@jeffco.k12.co.us , www.hansensclasses.com
