

# 4 Year Course Planning Worksheet

## Helpful Hints:

- You have 8 classes in EACH semester.
- Some classes are DAILY classes and take up two spaces in the same semester.  
(Algebra 1, Algebra 2 with Seminar, AP Calculus (AB and AB/BC), and AP Physics 1-2 Combo).
- Core Classes are YEAR-LONG. Place core classes in each semester.
- Electives can be year-long OR semester long. Refer to the elective sheet [here](#) to determine if a course is semester or a year-long.
- **This worksheet is for planning purposes only. The periods and days courses are offered are determined by SPSHS and will not reflect what you select below.**
- Each box represents  $\frac{1}{2}$  credit. A full schedule will earn 4 full credits in each semester, 8 total credits for the year.

Freshman Year					
Fall Semester			Spring Semester		
	A Day	B Day		A Day	B Day
1st			1st		
2nd			2nd		
3rd			3rd
