

Terms and Conditions

- **Do Not Purchase or Distribute My Adopts to Minors**

I am not comfortable working with or receiving payments from anyone under 18. Please do not purchase from me if you are a minor. Also, please do not purchase any of my adopts with the intent to give it to a minor, or resell it to any, either. **If you break this rule, you will be blacklisted.**

- **Do Not Distribute My Adopts To Blacklisted People**

Do not purchase, resell, or gift any of my adopts for or to people on my blacklist, and also do not purchase any of my adopts if you are **on** my blacklist. I have done my best to block contact with all blacklisted people but sometimes stuff slips through. **If you break this rule, you will be blacklisted.**

- **Do Not Heavily Alter My Adopts**

I understand that when the adopt is purchased, it is yours, but if an adopt is altered so heavily that it's basically not even the same thing anymore, it defeats the purpose of having purchased it at all. Small color changes, pattern adjustments, gender, accuracy and accessories are completely okay! Species alterations aren't ideal but allowed within reason.

- **Do Not Remove My Watermarks or Credits EVER**

Purchasing adopts from me means that you have the rights to the design and to use it for personal use, do not claim credit for creating or designing the base adopt. You may only take credit for any changes you make that aren't on the original adopt. And always leave my watermarks on, you may not remove them ever. You also must credit me when reuploading the art of the adopt that I have drawn, either by tagging me or linking my FurAffinity. **If you break this rule, you will be blacklisted.**

- **Do Not Upsell My Adopts If You Re-Sell**

If you purchase a design from me and then re-sell it, you may not charge more than you paid for it. You may only upsell it if you have purchased or been gifted art that ups its value (meaning if you get artwork from an artist, and it would be worth \$50 based on that artist's price, then that adds \$50 to the adopt's worth)

If you break this rule, you will be blacklisted.

- **You May Never Use My Adopts With/For Ai**

Use of Ai in any way, shape or form is prohibited. By agreeing to my terms and purchasing my adopts, you agree to my TOS/TOC and to never use my adopts in association with ai and generative ai. This includes the following: training Ai, using AI to enhance my work, adding or changing my work or its contents, creating ai chatbots of them (yes even if my adopt becomes your sona or oc), or using other things like chatgpt, sora ai, c.ai, grok, and any other ai tools. This applies to past, present, and future adopts I have created.

- **Do Not Re-Sell Or Distribute My Adopts To People Who Violate My DNC/DNS (Do Not Contact/Do Not Sell)**

There are people I will not sell to and there are no exceptions. If you deliberately purchase, resell, or distribute my adopts to people that are listed in my "No Contact/Do Not Sell" list, **you will be blacklisted.**

I unfortunately cannot truly enforce this, but I will not tolerate it and you will never be allowed to purchase from me again.

- **I Can Not Be Held Responsible For Anything Bad Done With Adopts You Have Purchased**

If you buy from me and then use that adopt for unsavory or dangerous things, I am not responsible for the outcome nor do I claim responsibility for it. Unsavory things include but are not limited to: using an adopt of mine to promote right-wing views, to threaten or doxx real people, to prey on people in any way, to make threats of rape, abuse, or physical harm against real life people, to promote illegal and vulgar acts like pedophilia or zoophilia. **Once you purchase an adopt, I am not responsible for what you do with it and no consequence or punishment comes to me.**

Rights and Permissions

Once you own an adopt from me, you obviously may do whatever you want with it so long as it does not break my terms and conditions. That being said, here are some specifics in case you are not sure.

- **You Have The Right To Make/Purchase Merch Of My Adopts Once You Have Bought An Adopt**

Once you have purchased an adopt from me, you have the right to make or commission merch of them including: art, posters, shirts, badges, dakimuras, VR Models, Game Mods, VTuber Models, plushies, and fursuits. (If you do, PLEASE SHOW ME, I'd love to see!)

- **You Have The Right To Create NSFW**

You may do whatever you want with adopts you purchase from me, involving NSFW. You may create fetish content, porn, hentai, etc as long as you are not distributing said content to minors.

This includes pornographic versions of the above permissions, like models, gear, merch, etc.

You may write or draw adopts from me engaging in adult acts, dead dove content, etc, I don't care!

No Contact+Do Not Sell List

Below is a list of groups/people that I do not want engaging with my art and adopts, and that I do not allow my art or adopts to be given to/sold to. If you purposefully redistribute my work to these groups, **you will be blacklisted.**

- TERFs/Transphobes/Queerphobes
- Racists

- Abelists
- Genocide Deniers
- Nazis

- Facists of any type, including “antishippers”
- Anti or Pro-Contact Zoophiles, Pedophiles, and Necrophiles

- Your judgemental mom on facebook (this is a joke but I thought I'd include it)

Adding You On Discord Does Not Mean An Invitation To Be Friends

I apologize if this sounds rude, but in 2025 I've been having an issue where after I make contact with customers for their adopts or commissions, they begin a sort of parasocial relationship with me where they talk to me like we are close, sharing personal details, NSFW, and messaging me at all hours talking to me like someone would a friend they've known for years.

I try to be friendly and outgoing, but my relationship with clients is strictly professional and I am not okay with anything beyond normal conversation involving work, questions about orders or adopts, etc.

I am extremely autistic and struggle to understand a lot of the time, and so I never want to be rude and tell people to stop messaging, as that's rude. But I'm not comfortable chatting like pals, when I give you my Discord it's strictly for business and communication about orders. Please respect that.

By purchasing my adopts, you confirm you have read, acknowledged, and agree to my terms and conditions.
