

## **Astrology Insights and Birth Chart Breakdowns**

I offer services related to astrology, how your chart works, and how the current events might be affecting you and your energy. In order to offer astrological services to you as a client, you must first verify that you have the following information:

- Date of Birth
- Time of Birth
- Place of Birth

Without all 3 pieces of this information, it is not possible to give you a complete look at your birth chart, and how the planets and stars affect you during times of transit or retrograde.

When you purchase an Astrology package, you receive the following:

A personalized audio covering your question(s)

\*\*\*A guidance chat session can be purchased after you receive your audio message\*\*\*. (Generally 30 minutes in length) - \$20

\*\*\*Astrology Insight packages require you to already have your birth chart made, this is more for questions regarding your chart, or what influences are currently being felt. A Birth Chart Breakdown package will make your birth chart and go in detail regarding the time you were born, and what the stars, planets, and universal energies were influencing at the time.\*\*\*

### **25-Minute Astrology Insight - \$50**

For those who have particular questions in mind. Do you want to know exactly what your Mars in Cancer means for you? Are you confused on what the 3rd house rules over? Is there a planet that has moved into a new sign and that is why you feel like jumping into a car and driving into the unknown?

This is for simple questions, not for deep dives.

### **45-Minute Astrology Insight - \$100**

For those who are looking for a bit more information. Perhaps you want to understand your big 3 (Sun, Moon, and Rising) and what that brings to your life. This can be a more intermediate dive into your astrological chart. This is for the people who have a larger or deeper question in mind.

### **Birth Chart Breakdown Package - \$250**

I will create your birth chart, and give you a complete breakdown of how your chart shaped your journey into this realm for this life. This will cover all of the planet placements, what houses they are in, and what signs they rule over.

You will receive the following:

- A copy of your birth chart, showing you all placements, houses, and angles
- An in-depth, hour long voice message that explains all of these placements
- A written copy of the voice message

*\*\*\*When you receive this package, I also hold onto a copy in case you ever want to know more about your chart, or if you want to explore one of the astrology insight offerings I have.\*\*\**
