Last Updated: November 2, 2024

INTRODUCTION

This Privacy Policy and Terms of Service document ("Agreement") outlines the terms and conditions governing your use of the Grammar Checker application ("App"). By using our App, you acknowledge and agree to these terms. Please read this document carefully as it contains important information about your rights and obligations.

LEGAL DISCLAIMER AND LIABILITY

Our Create QR Code App is provided strictly on an "as-is" and "as-available" basis. While we strive to provide accurate grammar corrections and suggestions, we cannot and do not guarantee 100% accuracy in our services. The nature of language processing and artificial intelligence means that errors or inaccuracies may occur. Users are strongly advised to review all suggestions before implementation.

We explicitly disclaim all warranties, whether express or implied, including but not limited to merchantability, fitness for a particular purpose, and non-infringement. Under no circumstances shall we be liable for any direct, indirect, incidental, special, consequential, or punitive damages arising from your use of the App.

DATA PROCESSING AND PRIVACY

Your privacy is paramount to us. When you submit text for grammar checking, it is processed through secure channels using state-of-the-art encryption. We want to be absolutely clear about how we handle your data:

Text Processing:

Your submitted text is temporarily processed through our secure AI service provider (OpenAI). This text is immediately deleted after processing and is never stored permanently on our servers. We maintain strict protocols to ensure the privacy and security of your submissions.

Technical Data Collection:

We collect minimal technical data necessary for the App's operation, including device information, usage statistics, and crash reports. This information helps us improve the App's performance and user experience. All technical data is anonymized and handled in compliance with relevant data protection regulations.

SUBSCRIPTION SERVICES AND PAYMENT

Our App offers both free and premium subscription options. Free users are limited to one grammar check per month, while premium subscribers enjoy unlimited access and additional features. All subscriptions are processed through Apple's secure payment system, and we do not directly handle or store any payment information.

Premium subscriptions are auto-renewable unless cancelled through your Apple ID settings. Pricing and terms may be subject to change, with appropriate notice provided to users.
