

Install Judge.me Dashboard on Shopify Store

To install Judge.me Dashboard on your Shopify Store, visit <https://apps.shopify.com/> and install Judge.me.

Enable app embed

1. Enable the embed app by clicking on the “Enable app embed” button.

Step 1 of 3

Enable app embed

App embed is required for reviews to show properly in later steps.

The button below will open a new window with app embed enabled. You only need to click **Save** in that window then go back here to continue.

[Next step](#)

2. It will redirect you to the “App embeds” page. Ensure the app is enabled and then click on the Save button.

- Once you are done with this go back to your Shopify page and click on the “Next step” button.

Install the Review Widget

- Click on the “Install Review Widget” button to be redirected to the Review Widget page. Review the changes and click on the “Save” button.

Step 2 of 3

Install the Review Widget

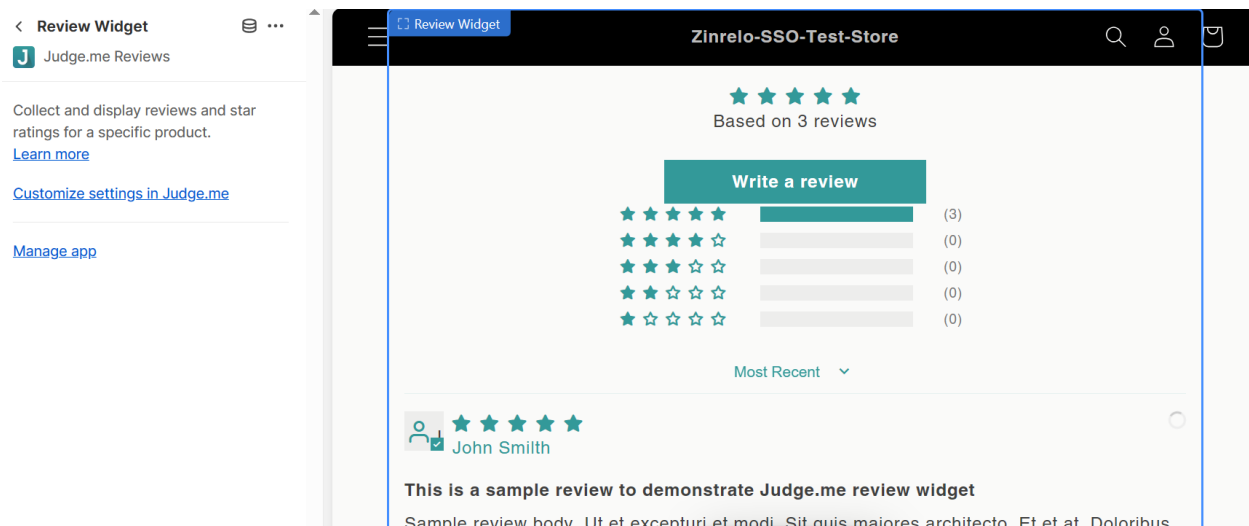

Now let's set up the Review Widget so you can start collecting and displaying reviews immediately.

Simply click the button below and click **Save** when you're done.
