Atlassian (Jira)	ACTIVE	Mountain View, CA or Remote	Software Engineer Intern, 2025 Summer U.S.	Software Engineering	November 03, 2024	<p><b>Overview</b></p> <p>Join Atlassian as an intern and spend your summer with us having an impact on how millions of users collaborate and use software. We're in the business of developing software to help teams everywhere get amazing ideas on the ground and into the world. Sound like an exciting place to start your career? Here you'll be encouraged to use your imagination and try new things. You'll be guided (as we are) by our core values, and you'll be supported by some of the best minds in tech. Apply for our Summer 2025 Intern Program and start an awesome career!</p> <p>Our paid internship program runs for 12 weeks between May/June - August/September 2025. Not eligible for Visa sponsorship. Unfortunately, we do not offer U.S. work visa sponsorship to F-1/OPT/CPT, J-1/TN, or H-1B student graduates at this time. Please note: At this time, this role is only open to entry level candidates with less than a year of professional experience (this does not include internships/co-ops).</p> <p><b>More about our team</b></p> <p>You'll join a team that is smart and direct. We challenge each other to improve our work,</p>	<a href="#">Direct Apply Link</a>

					<p>learn, and ask hard questions. We're dedicated to Agile methodology and are big believers in 'lean' (which means we don't do documentation for documentation's sake). We know the importance of validating assumptions about users and use multiple types of testing to figure out whether we're right (or wrong). Our bottom line is improving our user's experience—no matter what.</p> <p><b>Responsibilities</b></p> <p><b>Compensation</b> At Atlassian, we tie our base pay ranges to role and level. In the United States, that means your base pay ranges will fall into one of three geographic pay zones depending on your location. Our current base pay ranges for new hires in each zone are: Zone A: \$50/hr - \$58/hr Zone B: \$45/hr - \$53/hr Zone C: \$42/hr - \$49/hr Within each range, base pay is ultimately determined based on your skills, expertise, and experience. Please visit <a href="https://go.atlassian.com/payzones">go.atlassian.com/payzones</a> for more information on which locations are included in each of our geographic pay zones. However, please confirm the zone for your specific location with your recruiter.</p> <p><b>Qualifications</b> On your first day, we'll expect you to:</p> <ul style="list-style-type: none"><li>• Able to commit to a 12 week full-time</li></ul>	
--	--	--	--	--	--	--

						<p>(40hrs/week) program during Summer 2025</p> <ul style="list-style-type: none"> <li>• Currently enrolled full-time in a 4-year bachelor degree program and returning to the program after the completion of the internship, graduating by June 2026</li> <li>• Have experience with Java, Python, C, C++, or other related object-oriented programming language</li> </ul> <p>It's great, but not required, if you:</p> <ul style="list-style-type: none"> <li>• Have experience with software engineering, expressed by previous internships, work experience, projects, or publications</li> <li>• Understand data structures - in particular how they are implemented and how to apply them</li> <li>• Be familiar with the application of common design patterns</li> </ul>	
Atlassian (Jira)	ACTIVE	San Francisco, CA or Remote	Associate Product Management Intern, 2025 Summer U.S.	Product/Project Management	November 03, 2024	<p><b>Working at Atlassian</b></p> <p>Atlassians can choose where they work – whether in an office, from home, or a combination of the two. That way, Atlassians have more control over supporting their family, personal goals, and other priorities. We can hire people in any country where we have a legal entity. Interviews and onboarding are conducted virtually, a part of</p>	<a href="#">Direct Apply Link</a>

					<p>being a distributed-first company.</p> <p>Join Atlassian as an intern and spend your summer with us having a direct impact on how millions of users collaborate and use software. The most amazing thinkers—like NASA rocket scientists and Tesla engineers—are coming to us for solutions. We're in the business of developing software to help teams everywhere get amazing ideas on the ground and into the world. Sound like an exciting place to start your career? Here you'll be encouraged to use your imagination and try new things. This unique and "self-running" opportunity as An Associate Product Management intern will give your career a head start with great support from a non-traditional entrepreneurial team and experience in steering the direction of our products. Apply for our Summer 2025 Intern Program and start an awesome career! To learn more about the program go to <a href="https://atlassian.com/apm">atlassian.com/apm</a>. Not eligible for Visa sponsorship.</p> <p>Unfortunately, we do not offer U.S. work visa sponsorship to F-1/OPT, J-1/TN, or H-1B student graduates at this time.</p> <p><b>What you'll do</b> You will gain experiences in: conducting customer and partner interviews that translate</p>	
--	--	--	--	--	--	--

					<p>insight into action, reviewing tech specs for completeness and accuracy, researching and presenting competitive analysis and new market/product opportunities, among other projects. You'll design creative solutions to our customer's greatest challenges - we promise you'll never be bored!</p> <p><b>Your background</b></p> <ul style="list-style-type: none"><li>• Passion for analyzing products, customer needs, and market dynamics</li><li>• Interest in translating customer insights into applicable deliverables for our engineering teams</li><li>• Interest in thinking from multiple perspectives, including our customers and development teams</li><li>• Must be currently enrolled in a full-time degree program and returning to the program after the completion of the internship, graduating by June 2026</li><li>• Be able to commit to a full-time (40hrs / week) internship</li><li>• This role will be located in the Pacific Time (PT) Zone</li></ul> <p><b>Compensation</b></p> <p>At Atlassian, we strive to design equitable and explainable compensation programs. To</p>
