Step 2: Four Strategic Angles

Break that core message into four distinct angles so your audience sees it from every perspective.

1. TEACH IT

➡ Educate your audience about the idea. Explain it clearly. Be the expert.

 Example prompts:

- "Did you know...?"
- "Here's how to..."
- "3 ways to use this..."

2. STORY IT

➡ Share a personal story or transformation that connects to the idea. Build trust.

 Example prompts:

- "When I first tried this..."
- "Let me tell you how I found out..."
- "This happened after I..."

3. QUESTION IT

➡ Ask reflective or engaging questions that spark interaction. Build community.

📌 Example prompts:

- “Have you ever felt like...?”
- “Would you use this?”
- “What’s one thing you wish you knew sooner?”

4. SHOW IT

➡ Visually demonstrate results, usage, behind the scenes, or transformation.

📌 Example prompts:

- “Watch me use this...”
- “Before and after...”
- “POV: You finally get the results you wanted.”

Step 3: Branch Each Angle Into 4 Posts
