My school, my culture

Objective
The aim of this project is to promote the *creativity* and help students realize of the things that they *love about their school*.

What do they need to do?
Students (7 TO 11 years old) need to *make a short video* introducing their school and explain the things that they love about their school. It is very important that in the videos, students have their face covered or 'pixelated'.

When?
We can submit projects from October 30th, 2022 to November 21st, 2022

Voting and winning
From November 22nd till November 24th (included), we will open a period to vote for the three best videos about their school. *The winner will be awarded with a kit of board games for their students to enjoy together!*

If you would like to join us, email us at:
