<H2> Window Genie of Wichita: Your Exterior Cleaning Experts

Since 2019, Window Genie of Wichita has provided top-rated exterior home services and commercial cleaning throughout the greater Wichita area. As decades-long residents, we take pride in helping residents and managers throughout our community boost the curb appeal and longevity of their properties. From streak-free windows to permanent lighting and gutter guards, count on our team for efficient service and lasting results.

<H3> Window Cleaning

Cleaning your windows two to four times a year not only ensures a clearer view but also extends the lifespan of your panes and frames. Our Wichita window cleaning experts use biodegradable cleaning products and advanced tools to remove mildew, bird droppings, tree sap, and more. We offer interior and exterior cleaning for a streak-free shine, every time.

Learn More

<H3> Pressure Washing

Remove stubborn stains, winter grime, dirt, pollen, algae, and graffiti with professional-grade pressure washing. We use standard full-pressure and soft-wash techniques to lift buildup without damaging the underlying material. Common surfaces we wash include siding, driveways, sidewalks, patios, decks, fences, and more.

Learn More

<H3> Holiday Lighting

Enjoy festive, energy-efficient holiday lighting installation without the hassle. We offer custom lighting design based on your preferences, safe installation and takedown, and maintenance and storage services.

Learn More

<H3> Permanent Lighting

Permanent outdoor lighting is a low energy LED system installed along rooflines to provide architectural, and color-changing lighting all year long. These lights stay in place permanently allowing you to change your lights per season.

<H3> Gutter Cleaning

Blocked gutters can cause water damage to your fascia, basement, and foundation. Let our fully trained service professionals remove debris and ensure proper water flow to protect your property. After your seasonal gutter cleaning, our team can also install professional-grade gutter guards to protect against future blockages.

FAQ SECTION

<H2> Window Cleaning and Pressure Washing in Wichita, KS and Surrounding Areas FAQs

Contact Window Genie today for details about window cleaning services in Wichita, Kansas. We're always happy to use our expertise to answer your questions. Learn more about our services below or reach out to our team for more information.

<H3> How often should I schedule window cleaning in Wichita?

We recommend that Wichita residents/property managers schedule window cleaning at least twice per year. If your property is near heavy road traffic, construction, or dense tree cover, three to four cleanings a year can help maintain clear visibility and preserve the quality of your panes and frames.

<H3> Can you remove hard water stains?

Yes, our service professionals can usually lift mineral stains and deposits from glass and other surfaces. If left too long, these deposits can etch glass, so schedule a cleaning as soon as possible if you notice scaling.

<H3> What surfaces can be pressure-washed?

Our team provides professional pressure washing and soft washing for siding, fences, decks, sidewalks, driveways, and patios. In most cases, we can remove stains and buildup from wood, concrete, pavers, brick, stone, metal, and vinyl.
