The Benefits of Buying a New Volkswagen Car

The name, Volkswagen, is synonymous with superb build quality, reliability and first-class design. When it comes to variety, few manufacturers can hold a candle to Volkswagen cars. The range covers literally every area of the market and you'll find it hard to beat the brand's quality, variety and style.

The selection of new Volkswagen cars includes many different models and derivatives starting with the fuel-efficient New Volkswagen Fox city car which majors on build quality, space and practicality. The comfortable ride and refined engines make it better than rivals out of town.

Next there's the New Volkswagen Polo supermini which is bigger, cleverer, cleaner and lighter than the model that went before. That spells trouble for the supermini elite.

We then move on to the highly impressive New Volkswagen Golf. An upmarket interior, some advanced engine technology and a host of technological innovations make the sixth generation Volkswagen Golf a formidable presence in the family hatch sector. It moves the Golf game on yet again.

Next up, the much loved new Volkswagen Beetle is still going strong in its latest form. It remains one of the most instantly recognisable cars on the road. If you love the look, as many do, you can't go wrong. Moving on, if you like your Volkswagen Golfs with a boot in place of the traditional hatchback, the New Volkswagen Jetta saloon is the car for you. Higher equipment levels and a classier look also count in the Jetta's favour. Otherwise, it's the engines, driving experience and build quality of the Golf -- all of which are pretty darn good.

Next is the Volkswagen Passat, a medium range family car that's doing its utmost to overlap into the compact executive class above. These high aspirations are evident in its build quality and polished driving experience. It's one of the best models in its sector and well worth a look. There's the even the sleekly-styled new Volkswagen Passat CC to consider too.

Europe's largest motor manufacturer also offers two spacious people carriers. Touran buyers benefit from Volkswagen's build quality, a solid engine range and a polished driving experience. It's refreshingly free from the gimmicks favoured by rival compact MPV products and gets on with the job in some style. Volkswagen's second generation, seven-seat Sharan adds a touch of quality to full-sized family MPV motoring.

The New Volkswagen Tiguan compact 4x4 uses the Golf's best engines. Plus it has 4MOTION 4WD, so offers a lot more off-road prowess than you'd expect in this sector. Overall, it's a winner all the way.

The stunning, third generation New Volkswagen Scirocco coupe benefits from access to some great engines and is solidly built. Thirty and forty-something nostalgists will also love to own the car they were too young for first time round.

The New Volkswagen Eos is a classy and elegant folding hard top convertible. Pricing that's a little above mainstream family-hatch-based rivals is justified by higher quality, better residuals and an extremely clever metal folding roof.

A little bit less ostentatious than your average luxury SUV, the New Volkswagen Touareg can live with the best of them in terms of performance on and off road. Well built, spacious and attractively priced, it certainly delivers the goods.

Sitting up the top of the extensive range is the luxurious the New Volkswagen Phaeton, a first rate luxury saloon that gives comfort top billing in its list of priorities. Great engines, advanced technology, solid build it's all there.

Company Description

Town + Country Volkswagen is your dealership of choice for all Volkswagen Sales, Leasing and Service needs, conveniently located in Unionville/Markham.

We carry an extensive selection of New and Certified Pre-owned vehicles with a team of associates committed to great value with affordable financing and leasing solutions, as well as special offers on our Volkswagen products.

Our Service specialists are passionate about exceeding your expectations and ensuring your car is fixed right the first time, whether in Unionville, Markham, or the Greater Toronto area.

Whether it is our Service department, our Volkswagen Original Parts department or our Volkswagen Certified body repair shop, everything is made to ensure your satisfaction.

Whether it is our Service department, our Volkswagen Original Parts department or our Volkswagen Certified body repair shop, everything is made to ensure your satisfaction.
