

## **Chitty Chitty Bang Bang Synopsis**

This elementary concert is great for programs who want to incorporate some talented high school students as well. The leads require a father figure and a soprano to round it out. It features some video footage and is truly magical when you add costumes for your leads and build a prop car! Students just love singing the chatty rhythms of “Chitty Chitty Bang Bang” and “Me Ol’ Bamboo” and audiences find it thrilling! Cast requirements, a song list and an excerpt of the script available [here](#)
