

Hello [recipient],

I am writing to you in regards to the incident that occurred at 100 High Park Avenue on May 27th, 2020. A 29 year-old Black woman, Regis, has died after allegedly falling off her balcony, despite police being present.

As a concerned citizen, I am very upset and disturbed at the events that took place and the allegations that this caused on the part of the police. I am demanding justice and answers as to the death of Regis Korchinski-Paquet.

A complete and transparent public and independent investigation needs to take place. Charges need to be brought to all the officers involved, as well as all information and evidence should be made available to the public.

Sincerely,
[your name]
