Please describe your plan for learning about student learning. *Optional or Required?* For those programs that have already submitted a Program Assessment Plan in AY 2022-23, you can elect to refile an assessment plan if you would like to make any adjustments to your assessment plan but you are not required to do so (i.e., you are not required to complete this document). You may proceed with implementing the plan you already submitted. All other programs should complete and submit this form by the end of November 2023.

LEARNING OUTCOME: [Include learning outcome statement here.]

- ❖ In the context of this learning outcome, what are you hoping to learn about student learning and how do you think this could strengthen your program over time?

- ❖ Describe your intended approach to assessing this learning outcome. Will this include direct assessment of learning (e.g., evaluating student work with a rubric) or indirect assessment (e.g., asking students about their learning through a student survey or focus group), or a combination of both? Please describe.

- ❖ What is the timing for this assessment, who will conduct the assessment, and where (in what courses or experiences) will it take place?

Note 1: if you have multiple learning outcomes and associated assessment plans that you will be describing here, please copy the section above and complete for each learning outcome.

Note 2: In addition to this form, please provide an updated [Curriculum/Experience Map](#) for your program. Please submit your Assessment Plan & Map [here](#).
