

It's important that our community can grow and thrive and part of that is making our circle community accessible to as many women as possible. This is why tiered pricing is offered for the weekly circle memberships. At Circle of Support our intention is to build greater access to our community. In order to sustainably give these options I also ask for community support. If you are able to pay at the higher tiered pricing you support keeping this space sustainable and affordable. Please choose the option that works for your finances.

There are several membership opportunities available in 2025. Don't hesitate to contact [Alysa Escobar](#) with questions or concerns. Change your membership tier at any time by sending an email. You can cancel at any time but I ask when possible that you let us know in advance of your last circle so we can have time for closure with our circle community.

Monthly membership tiered pricing \$99-199
