

Simple Things

**It's the simple things
The simple things
The simple things

**I know you want me to take this pipe I ain't say I'm down
but I might confide in yo chemistry when I wine
Wine
Pinot Grigio I might wine if you don't pull up missing what
we did but no it's not enough
Fuck my ex I wanna feel alright
Turn my back see this divine cuz I know I want**

**It's the simple things
It's the simple things
The simple things
It's the simple things
It's the simple things**

**Happen for me on this track
got these niggas on my line
but I don't ever hit them back
I ain't really outside
but when I go outside u know u get mad and call my line
lay me on my back and lay this pipe
do the things that you like
turn me out right now
And make my exes surprised
Loyalty & simple things
We down for life**

**It's the simple things
How I want it, How I want it
It's the simple things
How I want it, How I want it**

**The simple things
How I want it
How I want it
It's the simple things
