E3:

Subject: Star Wars Trailer made by AI

"A.I. is just hype, it won't really affect my business"

I hear people say...

Do I agree?

Let me put it this way

if a guy can recreate an entire [Star Wars movie trailer](#)
on his laptop, in an afternoon with

- no actors
- no script writers
- no narrators

also
-no cameras

Do you think A.I. will affect our [video making*] industry? - **replace with your industry**

For sure!

Most jobs WILL become redundant.

It will be tragedy for most and triumph for some.

You chose how you react to this, most will ignore it until it's too late.
